No 168 Endorsement of the District Engineer, Presidency, dated Fort St George, 9th May 1878, No. 788

From Captain S C. CLARKE, R E, Executive Engineer, Adyar Junction Canal, to the District Engineer, Presidency, dated 16th April 1878, No 64

I HAVE the honor to inform you that I shall have no further need of the services of the officer (temporary Assistant Engineer) and private marginally named after the dates noted, as the Junction Canal work is on the eve of being finally completed

Lieutenant Grant, R E, after 25th instant
Private Augustine, K Co, after 30th instant

2 I have much pleasure in bringing to the notice of the Government the efficient services performed by Lieutenant Grant, R E, who has worked most zealously and carefully, and in hoping that the excellent service rendered by Private Augustine, who has been connected with the Junction Canal work since June 1877, will be recognized by the Government. The private in question is anxious to be transferred into the Department Public Works as a Sub-Overseer, and as far as I can judge of his qualifications as a Surveyor and a careful Supervisor I can justly say that he promises to be second to none
