Read the following paper —

No 184 From Major ROSS THOMPSON, R E, District Engineer, Presidency,
to the Chief Engineer, Buildings and Roads, dated Fort St George, 10th
May 1878, No 821

With reference to your memorandum, No 1,806, of 12th April 1878, paragraph
6, I have the honor to inform you that in communication with Mr. Ricketts of the
Salt Department sites have been chosen for throwing up bunds across the Cochrane's
Canal and a small cut for boats near the salt platforms. As boats are now waiting
to deliver salt at the Cotaurs, I have requested the Executive Engineer, A. J.
Canal, to throw up the required bunds at once and remove the existing one near the
General Hospital Bridge in anticipation of formal sanction being accorded.

No 185 ORDER THEREON, 15th May 1878, No. 2,174 W.

RESOLVED that the following telegram be despatched —

"Your letter, 821, 10th instant Removal of dam above General Hospital
Bridge prohibited Await further orders"

2. With reference to District Engineer's proposition to remove the bund at the
General Hospital Bridge and thus permit the renewal of the pollution that for the
past two years has been excluded from the Cooum, His Grace the Governor in Council
directs that until satisfactory arrangements, duly sanctioned by Government, shall have
been projected and carried out, the dam at the Hospital Bridge shall not be removed

3. The District Engineer, Presidency, will forthwith submit a plan and report
showing how he proposes to dispose of the sewage and drainage in question so that
on removal of the Hospital Bridge dam none of it shall flow into the Cooum to
contaminate its waters.
