GOVERNMENT OF MADRAS

PUBLIC WORKS DEPARTMENT.

16th May 1878, No 2,175 W.

General
Establishment

Read the following paper —

No 186. From Captain R F. MORRIS, R E, Acting District Engineer, Trichinopoly, to the Chief Engineer, Public Works Department, dated Trichinopoly, 8th May 1878, No 95

I HAVE the honor to bring to the notice of Government that the Examiner of Public Works Accounts has, under the provisions of G O, F R No 19, dated 4th January 1878, retrenched the amount of famine batta overdrawn for the lascars of the Conservancy Establishment

2 I would request the sanction of Government for the amount of batta actually paid to those lascars, whose pay does not exceed Rupees 3 per mensem The total excess is Rupees 33, and the amount to be recovered from those on Rupees 3 per mensem is Rupees 4 each, and from those on Rupees 2½ per mensem Rupees 5 each These are large amounts considering the pay of the men and the present high prices of grain

3 I would observe that the excess payments, for which sanction is now requested, were made on audited bills.

4 A copy of the Examiner's disallowance list for March is herewith submitted.

No. 187 ORDER THEREON, 16th May 1878, No 2,175 W

RETRENCHMENT against individual lascars will be deferred But an immediate report should be submitted of the cause of delay in communicating the orders of the 4th January 1878, No. 12 (F R), restricting the amount of batta This order was communicated direct from the Famine Department to all District Engineers, and should have reached all officers concerned before the end of January at latest. But it would appear from Captain Morris' remarks on the disallowance statement that the order did not reach him till the 27th April, or three months after it should have been in his hands.

2 The names of the officers responsible for the *issue* or *transmission* of the order should be given.

The matter requires another explanation - The order of the 4th of January restricts the amount of batta to an addendum to the "P.W.D" and also to "all artificers employed & Mussalchees in the business of sale concerned before the close of the month of January & that has been understood & stated - although Cooly-Mussalchees" the Cy O
