Read the following paper —

No. 188 From Lieutenant-Colonel H. L. PRENDERGAST, R.E., Officiating
Superintending Engineer, North Arcot, to the Chief Engineer, Public Works
Department, dated Palmanair, 8th May 1878, No. 622

I have the honor to report that Executive Engineer Mr. Maxwell from Bengal
some time ago had an offer of an appointment under the Engineer-in-Chief of the
Local Railways, Agra, but he was reluctant to leave his duties in the Arcot taluq
so long as there was distress about him and useful employment on the relief-works.
Now, however, that the works have been stopped within 25 miles distance from the
Palar channels, Mr. Maxwell would be glad to accept the appointment in the Rail-
way Branch, as otherwise it might be filled up and he would lose his opportunity.

2 At present there is only the employment of the indigent weakly persons on
the Trivatore road, and a few minor masonry works on contract to be carried out
on the new roads. I trust that the district has so far recovered that there will be
no need of opening works afresh in the Arcot taluq, and I therefore recommend
that Mr. Maxwell may be permitted to return to the Bengal Presidency.

No. 189. ORDER THEREON, 16th May 1878, No. 2,185 W.

HIS GRACE the Governor in Council is unable to accede to this request while
officers are urgently wanted elsewhere for the investigation of projects to afford relief
to the distressed. Mr. Maxwell will be transferred to Kurnool where his services are
much needed.
