GOVERNMENT OF MADRAS
PUBLIC WORKS DEPARTMENT.

17th May 1878, No 2,189 W

General
Establishment.

Read the following paper —

No 196. From Colonel J. H. M. SHAW-STEWART, R E, Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, (General Branch,) dated Madras, 2nd May 1878, No 195

ADVERTING to paragraph 3 of G O, No 1,867 W, dated the 17th April 1878, I have the honor to submit a tabular statement in the form prescribed by the Government of India, showing the present and proposed establishments, with rates of pay

No 197. ORDER THEREON, 17th May 1878, No. 2,189 W

HIS GRACE the Governor in Council fails to find sufficient reason for an increase of the Office salaries from Rupees 896 to Rupees 1,277 per mensem. This would be an addition of more than two-fifths of the cost of the existing establishment, while the strength of the staff would only be increased by two Peons

2 This increase will not enable more work to be done, and the present staff can do and have done the work.

3 The concentration of the Secretariat work in the Office of the Consulting Engineer should lessen rather than increase the work on the whole, although it may require extra care on the part of the person held primarily responsible. The Clerk placed second in the list whose pay is proposed to be raised from Rupees 50 to Rupees 160 per mensem might well be entrusted with the increased responsibility, in consideration of which His Grace the Governor in Council would not object to an enhanced rate of pay within a reasonable limit

4. The necessity for adding to the number of Peons requires further explanation.
