No 212      Endorsement of the Chief Secretary to Government, Financial Department, dated Ootacamund, 20th April 1878, No 676

From L C PROBYN, Esq., Accountant-General, Madras, to the Chief Secretary to Government, dated Fort St. George, 17th April 1878, No 1,737.

I HAVE the honor to bring to notice of His Grace the Governor in Council that this office premises are too small for the establishment, the Clerks being crowded too much together to the detriment of health and the outturn of work, additional accommodation is therefore very desirable. On inspecting the adjoining premises to the north lately occupied by the Public Works Account Office, I find that a portion of it can with a small outlay be adapted for the use of a portion of my establishment, and I beg accordingly to solicit that Government will allow me to arrange with the District Engineer regarding the portion to be set apart for the use of this office.

TRANSMITTED to the Public Works Department for issue of the requisite orders.

No 213      ORDER THEREON, 20th May 1878, No 2,209 W.

HIS GRACE the Governor in Council is not prepared to sanction the proposal of the Accountant-General. Before additional accommodation is provided, further explanation as to its necessity is needed. A statement should be submitted showing the number of Clerks added to the establishment during the last five years, and the amount of extra accommodation provided during the same period.

2. It is desirable that arrangements be made for accommodating, outside the Fort if possible, the offices of the Surgeons-General, British and Indian Medical Departments, and the Superintendent of Family Payments and Persians. Early

SIR,  
I have the honor to bring to notice of  
the Government the fact that the

adjoining premises to the north lately occupied  
by the Public Works Accountant Office, I found that  
a portion of it can with a small outlay be adapted  
for the use of a portion of my establishment and  
I accordingly to report that Government should  
be asked to arrange with the District Engineer
