GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

22nd May 1878, No. 2,253 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 262. From Major ROSS THOMPSON, R.E., District Engineer, Presidency, to the Chief Engineer, Buildings and Roads, dated Fort St. George, 18th May 1878, No. 861.

With reference to G.Os., Nos. 2,234 W and 256, dated 26th December 1877 and 16th January 1878, respectively, I have the honor to submit plan, specification report, and estimate amounting to Rupees 1,865 for forming a moat and planting

also hedge round the compound of the Lunatic Asylum.

2. The work was undertaken on emergency as directed in G.O., No. 2,234, dated 26th December 1877, and is nearly completed.

3. A sum of Rupees 1,486 was spent during the last official year. I request that the balance, Rupees 379, may be allotted for expenditure during the current official year.

4. The plan and estimate have been approved of by the Surgeon-General, Indian Medical Department.

No. 263. ORDER THEREON, 22nd May 1878, No. 2,253 W.

THE plan and estimate of Rupees 1,865, for forming a moat and planting an aloe hedge round the compound of the Lunatic Asylum at Madras, are sanctioned.

2. Rupees 1,486 were spent on the work (which was commenced on emergency) in 1877-78; the balance, Rupees 379, required to complete it in the current year is appropriated from the Provincial Reserve.

3. This sanction has been registered as Provincial No. 29 B of 1878-79.

PUBLIC WORKS.

THE DISTRICT ENGINEER
RESIDENCY,
S. S. S. S.

OF THE CITY OF BOMBAY.

1117.

Nos. 292-293.

Locality as far as possible.—The estimate
for the construction of a moat and planting
of an aloe hedge round the compound of the
Sanatorium.

P.S.

No. 41 of 1878. 79 76th May 1878.

2 MAY 78

*Report and Specifications to accompany
an Estimate for forming a moat and planting an aloe
hedge round the compound of the Sanatorium.*

Amount of Estimate Proper 1865.

The aloe hedge bounding the East, West
and South side of the Sanatorium is full of
large gaps formed by persons and cattle trespassing
into this compound. Likewise portions of the aloe hedge
has been washed down during the flood by the surplus
water from Madhavaram Tank caused by the deep
excavations made to form the Red Hills water channel.

These gaps give great facility for
Animals to escape.

To prevent Animals escaping and tree-
-presses the accompanying Estimate provides for
forming a V shaped moat three yards inside of the old
aloe hedge, the spoil from this moat to form an extra
embankment against the old one, and the top to be
planted with several rows of aloe.

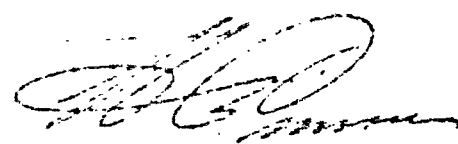

The ~~portion~~ of the old embankment
that had been damaged during the floods is to be reconstructed
with

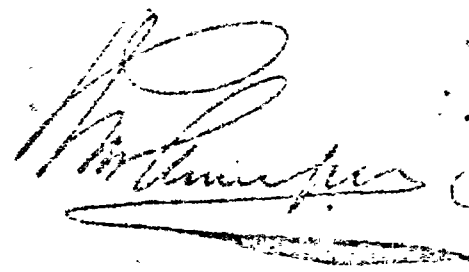

to be able to do so and should with justice, be
invented various.

These permanent drainage outlets to
run off the drainage from the various buildings and
be constructed at points where the natural flow of
the drainage runs, these outlets will be provided with
iron bars 3" apart to prevent inmates escaping.

For all details please see Estimate.
