Work. Additions and improvements to the Ball & Range in Guindy Park, so as to convert them into a Shot Ball and Rifle Range for Cavalry, also for re-establishing the running deer opposite to the Ball as before.

Amount of Estimate Rupees 726

Irregular Plan and Estimate
for the work has been called for
in the orders passed in the
Public Works Department, hence
the present Plan and Estimate
have been prepared. The increased
amount of the present estimate
is due to provision being made
in it, under an order from His Grace
the Governor, for reestablishing the
running deer which was removed
as it was likely to interfere with
the Rifle practice, the Butt of
the running deer, as you will observe
from the correspondence on the subject,
having been utilized in forming
the Rifle Butt under notice.
