Read the following paper :—

No. 327. From Major ROSS THOMPSON, R.E., District Engineer, Presidency, to the Chief Engineer, Buildings and Roads, dated Fort St. George, 15th May 1878, No. 903.

I HAVE the honor to submit, for sanction, a revised estimate and comparative statement, amounting to Rupees 2,330, for providing lightning conductors for European Infantry and Artillery Magazines in Fort St. George.

2. The original estimate, amounting to Rupees 1,350, was sanctioned in G.O., No. 2,378, dated 26th September 1873, and funds allotted for execution in G.O., No. 431 W, dated 27th July 1877. The excess Rupees 980 is chiefly due to the enhanced value of copper since the year 1873, when the estimate was framed and sanctioned, and partly to the inaccuracies in the original estimate.
