No. 935.

No. 22-A. From Lieutenant-Colonel H. L. PRENDERGAST, R.E., Officiating

have the honor to submit for sanction a
fresh plan and estimate of Rupees 1,140
for the construction of a dwelling house
for the Sub-Magistrate at Vencatagherri-
cottah.

2. The former plan was to have
been amended and the building to have
a couple roof instead of the old fashioned Malabar truss.

The subject was, however, discussed at a Local Fund Board's meeting at Chittoor,
and the Collector wrote to me on the 9th December 1877 a letter (No. 661), of which
a copy is forwarded recommending that a flat-roofed house should be built (in the
Native style as to ground plan) on account of the exposed position of Vencatagherri-
cottah.

3. I had sent the amended plan for the Collector's approval with an estimate of
Rupees 1,167. The present plan is within that amount and arranged to give accom-
modation in the shape that a Native Sub-Magistrate would give to a house if he built
it himself, and with a solid roof to afford the best protection against the weather in a
bleak and feverish situation.

No. 23. ORDER THEREON, 3rd June 1878, No. 2,378 W.

The estimate amounting to Rupees 1,140 for constructing a dwelling house for
the Sub-Magistrate at Vencatagherri-cottah in the North Arcot District is sanctioned.
The question of an appropriation of funds will be considered later in the year.

2. This sanction has been registered as Provincial No. 36 B of 1878-79.

With reference to your
letter N° 3157 of the 28th ultimo.
I have the honor to state, that
Verantugerry Cottah is always
a very feverish, bleak and
windy place. I cannot help
thinking that a substantial house
built with a terrace roof in
the Native style, with a high
surrounding wall, to keep off
the wind, would be more in ac-
-cordance with the Native ideas
of

of Comfort and privacy. —

Moreover if so constructed
the house would for the same
money as shown in the Estimate
provide a good deal more ac-

commodation than if a bungalow
were built as now proposed

2. I have therefore the honor
to return the Estimate together
with other enclosures of your letter
under reply, and to request that
you will be good enough kindly
to consider whether it would
not be advisable to prepare
another Estimate for building
the house at Venkatachary
Cottah, according to the Native
style

style as observed above.
