Buildings and Roads.
Civil Works.

Read the following paper :—

No. 135. From Captain A. AWDRY, R.E., Acting District Engineer, Coimbatore, to the Chief Engineer, Public Works Department, dated Coimbatore, 4th June 1878, No. 68.

With reference to your memorandum No. 2,424 of 3rd instant, I have the honor to inform you that as I have now received the information from the Civil Officers relative to their expenditure which was demanded from me by the Examiner before he would pass money, I have sent him a list of sanctions which he has accepted and on which he has passed credits not only for the Rupees 22,000 of the Irrigation Division Supplemental Credit Demand for April, but for a further sum of Rupees 49,500 which he had disallowed in May.

2. My object in troubling you with the telegram I sent was to enable me to obtain funds if urgently required *while* the list was being remade as it had to be after receipt of the list of the civil agency expenditure.

3. Numbers are very rapidly increasing especially in the irrigation division; but Mr. Nordmann is furnishing me with estimates for works which he recommends, and if the Collector approves them I will submit them to you, and I have the honor to request that the sanctions may be communicated to me as soon as convenient, as money may be wanted, though I have enough estimates already in to meet the requirements for June which Mr. Nordmann sets down at Rupees 70,000.

No. 136. ORDER THEREON, 13th June 1878, No. 2,496 W.

The attention of the Collector is called to paragraph 3 of the District Engineer's letter in which he states that "numbers are very rapidly increasing especially in the irrigation division." It will be necessary for the Civil Officers to scrutinize the gangs to ascertain that none are improperly on the works.
