Read the following paper —

No 254 From J GROSE, Esq, Collector of Nellore, to the Secretary to Government, Public Works Department, dated Nellore, 10th June 1878, No 2,218

In Order No 11 W, of 4th January last, Government sanctioned the estimate, amounting to Rs 2,100, for the reconstruction of the Salt Cutcherry at Sunnapugunta, and remarked that they were not "in a position to make specific appropriation for the work"

2 No provision seems to have been made for the work in the current year's Department Public Works Budget, and the Government order under reference puts off the work for an indefinite period

3 The present building seems to be so very unsafe that both the Salt Deputy Collector and the Superintendent of Police have repeatedly urged the necessity of having it reconstructed soon and declared that it may collapse any day

4 Under these circumstances, I submit that it is not safe to defer the work any longer, and that it is a case in which funds *must* be provided soon

No. 255. ORDER THEREON, 24th June 1878, No 2,622 W

AN appropriation of Rupees 1,900 is made for the work in question from the Reserve under Salt, the balance will be provided later in the year

2. The work should be at once set in hand.
