GOVERNMENT OF MADRAS

PUBLIC WORKS DEPARTMENT.

26th June 1878, No 2,653 W.

**General.**
**Account**

Read the following papers —

No 283 From Major J PENNYCUICK, R E, District Engineer, Salem, to the Secretary to Government, Public Works Department dated Valipady, 29th May 1878, No 67 S L

I HAVE the honor to forward a disallowance list No 34 of 1878-79, and to request the sanction of Government to the charge in question, and to the employment of the sweeper for future months

2 The circumstances are explained in the document itself, the employment of a sweeper is a necessity and appears to me to be a legitimate contingent charge.

3 It is a curious instance of the practical value of the check occasioned by the Examiner's office that as long as the sum in question was improperly charged no objection was taken to it, but as soon as it is brought under its proper head it is objected to

No 283-A. From same Officer, dated Salem, 19th June 1878, No. 88 S L

In reply to your No 2,497, of 8th instant, I have the honor to state that the sweeper in question appears to have been employed since November 1876

2 There is a difficulty in the work being done by the present office establishment, inasmuch as both the Range Officer and myself are frequently absent from headquarters, and the lascars, with the exception of one man, have to accompany us

3 The building is a large one consisting of five large rooms and requires a good deal of looking after I should add that I have ceased for the last three months to occupy any part of the building which is now used entirely as an office

No. 284 ORDER THEREON, 26th June 1878 No 2,653 W

UNDER the explanation afforded the Examiner is authorised to admit the charge against "Contingencies."
