GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

27th June 1878, No. 2,660 W.

Buildings and Roads.
Military Works

Read the following paper:—

No 292 From Captain R. F. MORRIS, R E, Acting District Engineer, Trichinopoly, to the Chief Engineer, Public Works Department, dated Trichinopoly, 22nd May 1878, No 198

I HAVE the honor to submit a revised estimate, with comparative statement, for sinking a well in the lines of the 19th Regiment Native Infantry.

2 A depth of $26\frac{1}{2}$ feet was allowed in the original estimate, but to obtain an adequate supply of water it has been found necessary to sink the well to a depth of $34\frac{1}{2}$ feet, which accounts for the excess of Rupees 200 over the original estimate.

3 There will, however, be a saving on the estimate for the 38th Regiment well of Rupees 112, and if this amount be transferred, it will be necessary to allot additional funds only to the extent of Rupees 88

4 I may add that we have been fortunate in obtaining a good supply of excellent drinking water in both these wells, and they are much appreciated by the sepoys, the water in several of the old wells being more or less brackish

No 293 ORDER THEREON, 27th June 1878, No 2,660 W

UNDER the explanation afforded in the foregoing papers, the revised estimate of Rupees 870 for sinking a well in the lines of the 19th Regiment Native Infantry at Trichinopoly is sanctioned

2 The question of providing funds will be considered when the statements of incomplete works of 1877-78 are under disposal

3 This sanction has been registered as Imperial No 44 B of 1878-79

From The District Engineer
Bengal
To The Chief Engineer
Public Works Department
Madras
Sir
I have the honor to
submit a revised estimate, with
Comparative Statement, for sinking
a well in the lines of the 19th
Regiment Native Infantry.
A sum of Rs. 26 1/2 was allowed
in the Original Estimate, but to
obtain an adequate supply of water,
it has been found necessary to
sink the well to a depth of 34 1/2
feet, which accounts for the excess
of Rs. 200 over the Original
estimate.
Yours
The

5.

There will however be a saving
on the estimate for the 30 Regiments.
well of Rs 112, and if this amount
be transferred, it will be necessary
to allow additional funds. Only
to the extent of Rs 88

I may add that we have been
fortunate in obtaining a good
supply of excellent drinking water
in both these wells, & the air much
improved by the season. The water
in several of the old wells being
more or less brackish.

I have the honor to be
Sir
Yours most obedient servant
W. M. M. C. C. C.
of District Engineer.
