GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

8th July 1878, No. 2,789 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 72. Endorsement of the Chief Secretary to Government, Ecclesiastical Department, dated Ootacamund, 25th June 1878, No. 1,107.

From the Venerable C. R. DRURY, M.A., Archdeacon and Commissary, to the Chief Secretary to Government, dated Ootacamund, 22nd June 1878, No. 25.

I HAVE the honor to forward, for the favorable consideration of Government, a letter from the Church Committee of Saint John's Church, Bangalore, dated 15th January 1878, asking for sanction of Government to build a wall on the south side of the Church compound. There is a substantial wall on the north, west and east sides, leaving the south side open towards the road with no other protection than a brick drain, which it seems is not sufficient for that purpose.

2. The proposed wall is to be 865 feet long. The estimated cost is Rupees 460.

3. I enclose herewith (1) letter from Reverend T. Foulkes, Chaplain, and President of the Church Committee, (2) District Engineer's letter, (3) estimate of work, (4) specification.

4. The District Engineer says in his letter that "a part of the wall can be completed from the Budget allotment of this year, and the remainder or another portion next year, and as there are two gates in the length of wall which it is proposed to build, there need be no unsightly appearance of incompleteness."

TRANSFERRED to the Public Works Department for disposal.

(Signed) D. F. CARMICHAEL,
Chief Secretary.

No. 73. ORDER THEREON, 8th July 1878, No. 2,789 W.

THE estimate is sanctioned for execution from funds at the District Engineer's disposal.

2. This sanction has been registered as Provincial No. 52 B of 1878-79.

(True Extract.)

St. John's Church, Bangalore. — The
estimate for the construction of a wall on
the south side of —, sanctioned.

No. 25.

Ootacamund 22nd June 1878.

To. The Honble D. F. Carmichael
Chief Secretary to Government
Ootacamund.

Sir,

I have the honor to forward for the
favorable consideration of Government,
a letter from the Church Committee
of Saint John's Church, Bangalore, dated
15th January 1878, asking for sanction of
Government to build a wall on the South
side of the Church Compound. There is
a substantial wall on the North South
and East sides leaving the South side
open towards the road with no other
protection than a brick drain which
it seems is not sufficient for that
purpose. —

The proposed wall is to be 866 feet
long. The estimated cost is Rs. 460.

I enclose herewith, 1 letter from
Messrs. J. Foulkes, Chaplain, and President
of the Church Committee, 2nd District
Engineer's letter, 3rd Estimate of work,
4th Specification.

The District Engineer says in his
letter that "a part of the wall can be
completed from the Budget allotment
of this year, and the remainder or another
portion next year, and as there are
two gates in the length of wall which
it is proposed to build there need be no
unpleasantly appearance of incompleteness."

Remain Sir
Your Obedient Servant.

to Messrs J. Eastes, Chaplain of St. John's Church,
Bangalore.

Sir, I have the honor to enclose an estimate for
building a wall along the south side of the ground
on which are Saint John's Church, School, &c. and to
request that after obtaining the countersignature of
the lay Trustees you will procure the sanction of
Government to its construction.

A part of the wall can be completed from
the budget allotment of this year, and the remainder
or another portion next year, and as there are two
gates in the length of wall which it is proposed to
build there need be no unsightly appearance of
incompleteness.

I have the honor to be

Specification to accompany the Estimate
for constructing Compound Wall at the South Side
of Saint John's Church at Bangalore.

Amount of Estimate Rs 460. 2/2

The estimate provides for building a compound
wall, on the side wall of the present drain to be built
of stone in clay 2 feet high and 15" thick.

The wall will have a coping built with brick
in clay, projecting 3 inches on either side; the centre
of the coping will be 9" high terminating in a slope
of 6" on both sides.

The joints of the masonry will be scraped out
and pointed with lime and the coping will be plastered
with two coats of Chumam.

To The Venerable C. A. Drury
Archdeacon of Madras. Madras.

Venerable and Dear Sir,

I have the honour to enclose Copy of a letter No. 1032, of the 8th. instant from the District Engineer of Bangalore, and of the Estimate and Specification to which it refers, for the construction of a wall on the South side of the Compound of Saint John's Church, which estimate has received the approval of the Church Committee signified at the foot of it: and to request that you will be so good as to forward it to Government for sanction.

2. The Church Compound has at present a substantial wall along its North, East, and West sides: but on the South side it is open to the main public road, and has only an open drain for its protection.

3. A hedge was planted along this side some years ago, inside the drain between a row of trees; but from the poverty of the soil and other causes it has always been weak and sickly; portions of it were always dying away, and large gaps had continually to be filled in: and now, after the prolonged drought, nearly the whole of it has died away, leaving this side of the Church Compound, 866 feet long, open to the public road, with only an open drain three feet wide for its protection.

4. This drain is of substantial stone-work: and upon its inner wall, two feet high, it is now proposed to build the wall to which the present enclosures refer.

5. This wall, I beg respectfully to submit, is quite necessary for the protection, not only of the Church Compound, but also of the property of Government in the
