Civil Works.

Read the following papers:—

No. 79. Proceedings of the Madras Government in the Financial Department,
dated 22nd May 1878, No. 909.

From W. E. WRIGHT, Esq., Superintendent of Stationery, to the Chief Secretary
to Government, dated Madras, 17th May 1878, No. 153.

I REGRET to report that on opening a consignment of twenty-six cases of quills, received from England in January 1877, per Ship *Cedric the Saxon*, it was noticed that three cases containing 60,000 quills were found sea-damaged, and the contents rendered useless. The cases to all outward appearance when received in this depot were in good condition, and I have again to bring to the notice of Government that I am unable to examine all the stationery stores immediately after receipt on account of the limited space of accommodation as already noticed in letters Nos. 365 and 428, dated 30th July and 18th August 1877, respectively.

2. I request the authority of Government to write the quantity off my accounts, and for permission to send the quills for sale by auction.

THE writing off of the sea-damaged quills, and of their sale by public auction are sanctioned.

2. Adverting to G.Os., Public Works Department, No. 564 W, dated 8th August 1877, and Financial Department, 27th idem, No. 2,197, inquiry will be made in the former department, whether any steps have been taken for the provision of the additional accommodation required by the Superintendent of Stationery.
