GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

10th July 1878, No. 2,823 W.

Buildings and Roads.
Military Works.

Read the following paper:—

No. 111. Proceedings of the Madras Government, Military Department, dated 1st June 1878, No. 2,709.

From Brigadier-General H. O'CONNELL, Quartermaster-General, to the Secretary to Government, Military Department; dated Fort St. George, 5th April 1878, No. 2,575.

THE Commander-in-Chief having approved the plan and estimate marginally noted, I am directed by His Excellency to submit them for the consideration and orders of Government.

Enclosures 3 (1 Plan).

Amounting to Rupees 1,440 for removing the present sloping roof in the Commissariat Serjeant's quarters at the Ramandroog Depôt and replacing it with a terraced roof. During the rains this house is not habitable and the roof is not worth repairing.

2. If approved by Government, it is requested that the papers may be forwarded to the Department Public Works for disposal.

No. 2,152.

IT is not apparent why the present roof cannot be properly terraced over. If this be feasible, about half the cost according to the estimate would be saved.

2. The Government request to be informed on this point, a fresh estimate being submitted if the work can be carried out.

(By order.)

OOTACAMUND,
2nd May 1878.

(Signed) J. MICHAEL, Colonel,
Secretary to Government.

From the Quartermaster-General, dated 8th May 1878, No. 106.

ABSTRACT.—Reports, for the information of Government, that the Officer Commanding Ceded Districts has been directed to place himself in communication with the District Engineer on the subject of the roofing of the Commissariat Serjeant's quarters at Ramandroog.

APPROVED generally and transferred to the Public Works Department for consideration and final disposal.

(True Extract.)

(Signed) J. MICHAEL, Colonel,
Secretary to Government.

No. 112. ORDER THEREON, 10th July 1878, No. 2,823 W.

THE plan and estimate of Rupees 1,440 for removing the present sloping roof in the Commissariat Serjeant's quarters at Ramandroog, and replacing it with a terraced roof, are sanctioned, and funds appropriated from the Reserve under Military.

2. This sanction has been registered as Imperial No. 48 B of 1878-79.

(True Extract.)

No 707.

Bellary
District Engineer's Office
13th May 1878

From
The District Engineer
Bellary.

To
The Dy Assist. Quarter Master General
Ceded Districts.

Sir,

With reference to your Order No 720 of the 10th Instant, I have the honor to state that the present verandah of the Commissariat Sergeants' Quarters at Ramandroog is what is usually called a Bengal Terrace, all traces of the construction of Ramandroog, where the rainfall is heavy and capricious, coming in the form of violent storms after a long drought, have proved failures, for instance the Lack verandah of the main barrack and Bungalow roof. All roofs of the pucka terrace construction are satisfactory and give no trouble

In this connection please see my Letter No 96 of 20th April forwarding approved Estimate for the Staff Sergeants' Quarters at this Station.

The Estimate for the Commissariat Sergeants' Quarters provides for replacing the present Bengal terrace by a pucka terrace, and in my opinion it would be useless to attempt to repair the building otherwise.

The Report forwarded with the Estimate shows that the present verandah roof has been repaired every year.

I have the honor etc

(Signed) J. M. Randall,
District Engineer Bellary

Bellary 16th May 1878.

2823/5

From

Colonel C. C. Leggatt.
Commanding Ceded Districts.

To

The Quarter Master General
Fort Saint George

Sir,

In reply to your № 101 dated 6th May 1878 returning Plan and Estimate (№ 1440) for replacing terraced roof to Commissariat Serjeants Quarters at Ramandroog, and conveying an expression of the opinion of Government thereon, I have the honor to append a copy of a communication received from the District Engineer relative to the repairs to the roof of this building & pointing out, that owing to the peculiarities of the climate, Bengal terraced roofs do not as a rule, appear to answer for the buildings at that Convalescent Depôt.

* № 373 J/20 April 1878

2. In a former communication,* received from the District Engineer relative to buildings at Ramandroog, he says, "I would strongly urge the roofs being terraced, for though rather more expensive at first, the up keep is much less."

I have the honor to be
Sir
your most obedient Servant.

Colonel
Commanding Ceded Districts.
