Submitted for sanction

Estimate of Rs 1200 - for con-
structing compound wall

To and 15-7-78

Cir 17778 Ptd 23778

244th Report and Specification to accompany an
Estimate for Constructing Compound wall
around the Northern Block of the Black
Town School

Amount of Estimate Rs 1200
~~1245~~

This Building and Compound
is situated in a poor Native Locality.

The Palmyrah Fencing is broken
down in very many places forming long gaps
in the fencing and the Palmyrah rails appa-
rently stolen, the compound is made a common
public thoroughfare in all directions.

The present old Palmyrah fencing
is in a very dilapidated state, to renew it is
literally to construct a new fence, which would
only last for a short time, as it is liable to be
again broken down and stolen.

The accompanying Estimate provides
for constructing a low compound wall instead
of the present Palmyrah Fenced.

The Foundations, Basement and
Superstructure will consist of 13 inch set no Clay.
All exposed portions to be Plastered
with two Coats of Chunar Plaster.

The Body of the wall to be Plastered
and the coping and Pillars to be white washed.
