GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

29th July 1878, No. 3,045 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 327. From Lieutenant-Colonel J. N. HUNTER, R.E., District Engineer, Cuddapah, to the Chief Engineer, Buildings and Roads Branch, dated Cuddapah, 19th July 1878, No. 976.

WITH reference to paragraph 4 of G.O., No. 2,573 W, of the 20th ultimo, I have the honor, in forwarding copy of letter, No. 511, of the 15th instant, from the Madanapally Range Officer, explaining why sanction was not applied for to the excess expenditure on the Taluq Cutcherry and Subsidiary Jail at Kadiri, to request authority to the excess expenditure, as he had to adjust bills for wood supplied from the Public Works Workshops at the end of the past official year.

2. In his letter, No. 1,611, dated 3rd March last, the Range Officer applied for additional funds, but Colonel Moberly, in his No. 3,207, of the 6th idem, stated that he had no power to appropriate funds for major works, calling at the same time for a revised estimate for the building.

Copy of a letter from the Officer in charge of Madanapally Range, to the District Engineer, Cuddapah, dated Cothacotta, 15th July 1878, No. 511.

WITH reference to paragraph 4 of G.O., No. 2,573 W, dated 20th June 1878, I have the honor to state that in my letter, No. 62, dated 19th April 1877, to District Engineer, I asked permission to go on with the work of Kadiri Taluq Cutcherry. This permission was sanctioned by your predecessor in his No. 189, dated 24th April 1877, and in the appropriation return for August 1877 a sum of Rupees 2,000 was appropriated for this work. In the middle of February 1878 bills amounting to about 2,000 Rupees were received, being the value of woodwork, &c., previously received from Public Works Stores. The year's allotment, Rupees 2,000, having already been slightly exceeded, I applied to District Engineer for a further allotment (*vide* this office No. 1,611, dated 3rd March 1878), but he stated in his No. 3,207, dated 6th idem, that he had no power to make it. It being the end of the official year, and the Superintendent of Public Works Stores having sent in reminders for adjustment of his bills, the transaction was adjusted, and the circumstances of the excess over allotment were explained in my Administration Report. Early in this official year I again asked permission of the District Engineer to continue work and retain the services of the carpenters, &c., *vide* this office No. 110, dated 1st April 1878.

No. 328. ORDER THEREON, 29th July 1878, No. 3,045 W.

THE Governor in Council accepts the explanation, and directs that the excess expenditure in 1877-78 be admitted.
