This is to certify that I have inspected the quarters occupied by Mr. Freudy Telegraph Master, and am of opinion that they are quite unfit for dwelling in. Not only are the rooms at the back ill ventilated and shut in, but the windows look out on the back windows of the Civil Dispensary at a distance of about only 12 feet. In place of Endeavouring to improve these quarters, which after all can only be done by removing the Dispensary, I would recommend that some other quarters should be provided, as in no case will these be fit for a family.
