Read the following paper:—

No. 63. From R. F. CHISHOLM, Esq., Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepauk, 26th July 1878, No. 256.

I HAVE the honor to enclose a copy of a letter received from the Secretary to His Highness, Ahmud Mohideen Khan, on the subject of certain alterations which His Highness wishes effected in the water-supply sanctioned under G.O., No. 2,109 W, dated 10th May 1878. As the alterations in question will not cause any excess over the sanctioned estimate, I have authorised the work to be completed according to the wishes of His Highness.

From AHMUD MOHIDEEN KHAN, Secretary to His Highness the Prince of Arcot, to the Consulting Architect to Government, dated Amir Mahal, 24th July 1878, No. 64.

I HAVE the honor to bring to your information that His Highness the Prince of Arcot feels the necessity for a branch pipe importantly to the stable adjoining the Amir Mahal; but, as His Highness does not wish to trouble the Government again in the matter of water pipes, he proposes to alter therefore his desire of having a branch pipe to the summer-house and one to an ornamental purpose in the zenana for which a probable cost of Rupees 398-9-10 has been lately sanctioned by Government, and instead of the above to have a 1½" pipe run up to the stable with a circular fountain for horses to drink, and a 1" branch with a ½" discharge up to the carriage godowns. The subject having been explained to Mr. Loan, the Foreman of the Red Hills Pipe Works, who visited the mahal on the 23rd, he estimated the probable cost at Rupees 282-3-3, and the other required alterations and improvements will not cost more than Rupees 100. I am therefore desired to request you to communicate His Highness' wish to the Municipal Engineer and ask him to get the pipe laid to the stable early as possible, and to direct his Foreman to take informations here for the other sundry alterations and improvements, so as to bring the whole amount of cost to meet the amount (Rupees 398-9-10) sanctioned by Government in connection of the water-supply to the mahal in their Proceedings, Public Works Department, dated 10th May 1878, No. 2,109 W.

2. I have the honor also to ask you to pass an order for erecting the sentry-box sanctioned by Government in their above mentioned Proceedings.

No. 64. ORDER THEREON, 5th August 1878, No. 3,141 W.
