GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

5th August 1878, No. 3,153 W.

General.
Account.

Read the following paper :—

No. 80. From G. T. WALCH, Esq., Acting District Engineer, Godavery to the Chief Engineer, Public Works Department, dated Dowlesheram, 24th July 1878, No. 1,329.

I HAVE the honor to enclose copies of correspondence noted in the margin, and to request that authority of Government may be obtained to the transfer to the Workshops, Dowlesheram, of the teak logs now lying useless at Dummagudem at the valuation given by the Officer in charge of the Workshops, viz., Rupees 1-8-0 per cubic foot, after deducting the cost of carriage.

Letter No. 363, of 21st February 1878, from Officer in charge of Dowlesheram Workshops.

Memorandum No. 3,980, of 23rd March 1878, from Superintending Engineer to Mr. Vanstavern.

Mr. Vanstavern's No. 542, of 30th March 1878, and its enclosure.

2. Mr. Vanstavern, it will be seen, estimates the amount that would thus have to be written off to profit and loss at Rupees 3,557-8-0.

3. I am sorry that this subject was not sent up to you before ; it appears to have been lost sight of ; and as the short season when the timber can be brought down has already commenced, I would ask for early orders.

No. 81. ORDER THEREON, 5th August 1878, No. 3,153 W.

The transfer of the teak timber in question from Dummagudem to the Dowlesheram Workshops is sanctioned, and the Officiating District Engineer will be advised of this by telegraph.

Subject

Sir,

(1) I have the honor to forward here-
with letter No 410 - 10/12/77 from the
Executive Engineer Dumagudium and its
enclosures.

(2) From one of these it would appear
that the question of getting the Teak
logs now in that Division down to
Donlaishuram

* to be returned

Letters on the subject of the timber ar-
rangements must be made by the
Executive Engineer Eastern Delta Division
for

GENERAL
ACCOUNT

Dowlaishwaram has been previously
under consideration -

3. It will not pay these workshops
to take that timber at a higher rate
than Rupees 1-8-0 per cubic foot
timber.

(4) I have the honor to request per-
mission to arrange for getting it down
on those terms, the difference between
what that will leave for credit to
the Damagudum Division and the
book value of the timber being writ-
ten off to "Loss".

I have the honor to

Dumaguadim

30th March 1878

From

The Executive Engineer

Dumaguadim D. G. D.

To,

The Superintending Engineer

Godavari District

Sir,

I have the honor to enclose a
Statement of probable loss on the
teak wood for transfer in this Division

2. The amount Rupees 3557-8--
would be the probable loss.

3. Some difference will occur in
the measurements as the logs are in
the water and have been measured
there.

4. The logs have been kept in the
water this being the best way of pre-
serving them, they are free from cracks
or shocks and apparently all in good
order.

5. As already stated in my former
letters on the subject of the timber ar-
rangements must be made by the
Executive Engineer Eastern Delta Division

Yours

for taking the timber down as the
ratts men have refused to have any
thing to do with them.

b. At present the rats are now
connected with chains should they
not be required to transfer small
rope could be sent up to substitute

I have the honor to
be
S. Vanstatten
Executive Engineer
Dumaguete Division
