Read the following paper:—

No. 84. From Major H. R. MEAD, R.E., District Engineer, South Arcot, to the Chief Engineer, Public Works Department, dated Cuddalore, 30th July 1878, No. 172.

With reference to G.O., No. 2,024 W, dated 3rd May 1878, I have the honor to report that the building of the Sea Custom House at Porto Novo has deteriorated much since the estimate was prepared in 1875, and it is absolutely necessary to replaster the whole building including godown to repair the brickwork in places and to thoroughly overhaul the roof, also to refloor the office room and verandah. This can be done from the Provincial Repair Allowance at my disposal, but as the amount of the estimate exceeds one-fourth the value of the building it is necessary that the sanction of Government be obtained for the work. I forward an estimate for Rupees 450, and request that you will obtain the necessary sanction.
