GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

7th August 1878, No. 3,178 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 101. From Major ROSS THOMPSON, R.E., District Engineer, Presidency, to the Chief Engineer, Public Works Department, dated Fort St. George, 1st August 1878, No. 2,630.

With reference to G.O., No. 2,982 W, of 22nd July 1878, paragraph 4, I have the honor to report that, in communication with the Commissioner of Police, I have ascertained that the Superintending Engineer, Chingleput, will not be able to receive and set to work the famine coolies of the Presidency District until the 15th instant. The Commissioner of Police informs me that he is arranging to forward those coolies by boats to the Chingleput District on or about the 13th instant. Meantime I am employing them on Imperial works, and they are being paid, as ordinary coolies from Imperial funds. I cannot, however, find employment for them on Imperial works for longer than seven or eight days more. I shall then (unless I receive meanwhile orders to the contrary) re-employ them on famine works at the Powder Mills and pay them from famine funds until they are sent off to the Chingleput District by the Commissioner of Police on the 13th or 14th instant.

No. 102. ORDER THEREON, 7th August 1878, No. 3,178 W.

THE Government have forbidden the continuance of any famine work in Madras by orders more than once given. Any disobedience of those orders will be at the risk of the officer who is guilty of it.

2. The District Engineer of Chingleput has reported that he can receive 300 famine laborers a week and the necessitous (as the battery work is closed) must be sent accordingly as ordered when His Grace the Governor was in Madras.
