No 220 From Colonel P O'CONNELL, R E, Superintending Engineer,
Chingleput, to the Chief Engineer, Public Works Department, dated Sadras,
13th August 1878, No 2,909

I HAVE the honor to inform you that the Range Officer having applied for six armed Constables for the extension canal works, I addressed the Superintendent of Police on the subject, and have heard from that officer in reply that he can supply the men and a Head Constable, and that the charges on their account would amount to Rupees 73-14-0 per mensem as per memorandum furnished by him, copy enclosed. The strength of the proposed guard is in excess of that laid down in paragraph 18, Section I, Chapter XV* of the Public Works Code (Bengal Edition), but, considering that the guard is required for special employment, and that the proposed strength is not too great for the work on which they are to be employed, I would recommend that sanction be given for the proposed number being entertained, and will await your instructions, which I trust may not be delayed, before taking further steps in the matter.
