No 249 Endorsement of the District Engineer, Salem, dated Royacottah, 14th August 1878, No. 137 SL

From E P WOODS, Esq, Sub-Engineer, to the District Engineer, Salem, dated Marandahully Project, 10th August 1878

I HAVE the honor to beg the favor of your forwarding to Government this application with your recommendation and with the request that it may be forwarded to the Mysore Commission for consideration

2 It has come to my knowledge on good authority that the Mysore Commission is in need of experienced hands for the State Railway, and, as my services have mostly been on railway construction, I think I would stand a fair chance of employment there if my application was submitted at the present time with your approval and recommendation

3 I enclose copies of certificates for railway service, and one of character from the Civil Officers of Kurnool, which I request may accompany this application

4 I have no desire to leave my present work so long as I am required here, and beg you to understand that my motive is simply prospective

5 I have taken the liberty of making this request on the assumption that you are willing to promote my prospects as far as you can with due consideration of the public interests, and if I am so fortunate as to merit your support I shall be most grateful for your kindness.

SUBMITTED for the favorable consideration of Government.

2 It is not possible at present to dispense with Mr Woods' services in this district, nor does he ask this, but when the necessity for his employment here is over, I shall be glad if anything can be done to meet his wishes, as his conduct since he has been under my orders has been entirely satisfactory.
