GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

30th August 1878, No. 3,459 W.

General.
Establishment.

Read the following paper:—

No. 351. From Lieutenant-Colonel J. N. HUNTER, R.E., District Engineer, Cuddapah, to the Chief Engineer, Public Works Department, dated Cuddapah, 23rd August 1878, No. 1,264.

In submitting copies of correspondence passed between myself and Mr. J. Traill, Assistant Engineer in charge of Madhanapalle Division, on the subject of his availing himself of examination leave, I have the honor to state that, at Mr. Traill's request so repeatedly urged, I am induced to forward his application for reconsideration.

From J. TRAILL, Esq., Officer in charge of Madhanapalle Range, to the District Engineer, Cuddapah, dated 12th August 1878, No. 661.

With reference to G.O., No. 2,979 W, dated 24th July, I have the honor to point out that the time is fast slipping by, and, if there is much more delay in relieving me, the remaining time will be too short for me to study in. I, therefore, beg to state that I only desire to quit the district for Madras for a few days (a week will be sufficient I think) to secure the services of a Moonshee from Madras, and I therefore would request that Mr. Mathews, Sub-divisional Officer, may be allowed to act during my absence as I will be at hand here for nearly the whole period of my leave to give him any assistance in the way of advice which he may possibly require. I simply wish to be relieved of the necessity of travelling and inspecting works and of the ordinary official routine of office-work.

Docket from the District Engineer, Cuddapah, to the Officer in charge of Madhanapalle Range, dated 16th August 1878, No. 1,196.

LETTER No. 661, dated 12th instant. Draws attention to G.O., No. 2,517 W, dated 15th June last, declining to permit you to leave the district, and informs that he is unable to grant the permission therein applied for.

(Signed) J. N. HUNTER, Lt.-Col., R.E.,
District Engineer,

From J. TRAILL, Esq., Officer in charge of Madhanapalle Range, to the District Engineer, Cuddapah, dated 19th August 1878, No. 678.

With reference to your No. 1,196, dated 16th August 1878, I have the honor respectfully to request that you will reconsider the request contained in my letter, No. 661, dated 12th instant. You refer me to G.O., No. 2,517 W, dated 15th June 1878, which refused to permit me to leave the district to appear before a Committee in Madras for my colloquial examination. At that time there was considerable anxiety about the south-west monsoon, and G.O., No. 2,979 W, dated 24th July, in which the Chief Engineer is directed to make arrangements for my services being made available for examination leave, must, I think, be taken as cancelling the prohibition to leave my district to which you refer me in answer to my request. To the plan I proposed of carrying out my work during my leave you make no objection, and, as this leave is a matter of the greatest importance to me, I have the honor to request that you will refer the matter for the consideration of the Chief Engineer, who has several times pointed out the necessity of passing in the vernacular, and who must therefore, I imagine, be unwilling to throw obstacles in the way of my preparing for examination. The current work of the range is far too heavy to permit of my applying myself to the study necessary to enable me to pass.
