TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,

Public Works Department.

SIR,—With reference to your letter, No. 72 A—G, of 16th January 1877, I am directed to forward the accompanying *G.O., No. 3,468 W, dated 31st August 1878. Proceedings* of Government, in which is recorded a compiled statement of iron imported into India during the three official years 1873-74, 1874-75, and 1875-76, which may be accepted as substantially correct. The way in which the discrepancies alluded to by Lieutenant-Colonel Innes arose cannot be satisfactorily explained; it probably was due to the different mode in which the accounts were kept in the several departments concerned.

I have the honor to be,

Sir,

Your most obedient servant,

Colonel, R.E.,
Secretary to Govt., P.W.D.

CAMP DOWLAISHWERAM, 15th May 1878

SIR,

With reference to your Memo No. 1683 of 5th April 1878, I have the honor to report the information obtained up to date regarding the quantity of Pig Iron received from England by the Workshops in 1873-74, 1874-75, and 1875-76.

I send herewith copies of correspondence with the Collector, by which it appears that the total quantity imported into the Port of Cocanada during the year 1874-75 was

	Tons.	Cwt.
Per Oxfordshire	80	18
Do. Java		
Do. Patna	38	3
Do. Locotra		

Total Tons 119 Cwt 1

Copy attached

Encl. 2
 One to the Chief Engineer
 Godavari District
 5th November 1877
 One to the Chief Engineer
 Madras

3 The Collector cannot give particulars regarding the 33 Tons, 3 cwt, received by the three steamers in December 1874, but the Workshop accounts show that only 2 Tons and 16 cwt were received by the Workshop and that the quantity was landed from the steamer "Patna". The other 13 Tons, 7 cwt were not received by the Workshop.

4. Again in the Collector's statement for 1874-75 he showed 83 1/2 Tons, 18 cwt as having been received for the Workshop, and he now finds this to have been a mistake and that the quantity should have been 80 Tons 18 cwt. He informs us that he has submitted a revised return to the Board of Revenue.

5. According to the Workshop accounts no iron was received from England in 1875-76, and the Collector now admits that the 33 Tons, 3 cwt shown in his Return to the Board of Revenue against the year 1875-76 was landed in 1874-75 (by the three steamers above mentioned) but shown in the accounts of 1875-76 because the bills of lading were received in that year.

6. There now only remains a difference of 18 Tons & 7 cwt between the Workshop accounts and those of the Collector, and this difference cannot be accounted for, but I think it may fairly be ascribed to the peculiar way in which the Collector's accounts are kept.

7. I now return the file of papers received with your endorsement No 3760 of 7th November 1877.

I have the honor to be,
Sir,

From
The Officer in charge of
Dowlaishuaram Workshop.

To, The Superintending Engineer
Godavery District.

Sir,
With reference to your No. 2815
dated 30th November 1877 I have the
honor to inform you that a careful
scrutiny has been made in the accounts
of this Workshop with regard to
difference of English iron referred to
in your Memo, but the cause cannot
be traced. The English iron received
for this shop was only 105-14 tons
as per account dated 7th June 1876
rendered by this Office. I have
therefore requested the Deputy Collector
in charge of Sea Customs Coacanada
in my No. 306 dated 5th December 77
to

Regarding receipt
of iron stores
in the Workshop
shown for Government
Department.

 cellaneous No 6665, I have the honor to
 report that the figures entered in
 the return furnished from this Office
 dated 3rd July 1876, was adopted from
 the packing accounts and invoices of
 Government stores, obtained from

the Accountant General. These accounts have been since returned to the Accountant General and it will be observed from the remarks entered in the return dated 3d July 1876 above referred to, that the accounts furnished by the Accountant General do not give the particulars in the necessary detail.

The differences pointed out by the Board cannot therefore be accounted for.

2. Since August 1876, the returns of Government Stores are prepared from the Bills of Entry furnished, with reference to Government Order dated 7th August 1876 No 297, Marine Department, by the several Depart-

ments importing the stores.

Memorandum

Letter from the Offg. Supg. Engineer, Godavari
District No 2293 dated 17th October 1877

The undersigned has the
honor to enclose a letter from the Superintending
Engineer Godavari and with reference to the
return received from the Board of Revenue
dated 11th October 1877, to enquire how
information as to the amount of pig iron
obtained during the years 1873, 74, 75
75-76 - for the Doublair house iron works
was arrived at.

2. The statement in question reports
the figures quoted by Colonel James in his
letter printed with G.O. No 4976 of the 31st
July namely ^{tons} 534-18 ^{cwt} for 1874-75 and
^{tons} 38-3 ^{cwt} for 1875-76 while Major Beatty
in his letter abides by the figures formerly
supplied by him namely ^{tons} 105-14 ^{cwt} for 1874-75

and

and ^{lines} for 1875-76.

Godavery District

To,

The Executive Engineer in charge

Government Workshop

Dowlaishuram

Sir,

In reply to your letter of the 16th ultimo
No. 21, I have the honor to forward herewith a
statement showing the quantity of iron imported
into this Port from England during 1874-75 and
1875-76 in the form sent by you. The figures
therein entered have been taken from the monthly
Trade Returns prepared according to the Bills of
Entry presented at the Custom House. The
quantity entered against the year 1874-75 being
only 80 - 18^{from 1874-75} as given in the statement forwarded
to the Board of Revenue on the 16th August 1876, a
revised statement has now been submitted to them.
The quantity shown against the year 1875-76 was

landed in 1874-75, but the Bills of entry for the same having been received in the following year that quantity has been shown in the accounts of that year. I have called upon the Master Attendants here to afford the explanation required in your letter under reply and the same will be forwarded to you when received.

CAMP DOWLAISHWERAM, 7 February 1878

SIR,

With reference to your Reminder
No 3760 of the 22^d January 1878,
for an early reply to your Memo, re.
No 3760: dated - relative to the quantity of pig iron al-
7th November - tained for the Dowlaishweram Work-
shops. I have the honor to forward
herewith copy of a letter received from
the Officer in charge of the Workshops,
from which it will be seen that the
cause of difference in the quantity of
iron, alluded to in the papers received
from your Office, cannot be traced from
the Accounts of the Shop. The quan-
- tity received was ^{Loth} 105 - ^{wt.} 14 -
2. It will be further seen that the
Deputy

52.A

Deputy Collector in charge of Sea
Customs, Cocanada has been written
to on the subject. When the
results of this reference is communica-
-ted to this Office, it will be trans-
-mitted to you with the file of papers
sent me from your Office -

your letter No 42 A.B.
of 16th January 1874.
I am directed to forward
the accompanying
Proceedings of Government
in which is recorded
a compiled statement
of iron imported into
India during the three
official years 1873-74,
1874-75, and 1875-76, which
may be accepted as
substantially correct.
The way in which the
discrepancies alluded
to by Lieutenant Colonel
Innes arose, cannot
be satisfactorily
explained; it probably
was

L. C. 1246811
August 1878.

was due to the different
mode in which the
accounts were kept
in the several departments
concerned.
