4th September 1878, No 3,515 W

Buildings and Roads
Civil Works

Read the following papers —

No 15 From R T CHISHOLM, Esq., Consulting Architect to Government, to the Chief Engineer, Public Works Department, Buildings and Roads Branch, dated Chepauk, 2nd July 1878, No 187

With reference to G O, No 2,337 W, dated the 31st May, I have the honor to state that I presume the Survey authorities did not know at the time the estimate was made out that the fittings in question would be required, or, on the other hand, that they intended executing these fittings themselves

2 I first learnt that the fittings were necessary on the 2nd April, and on the 4th, after consulting with Major Sargeant, ordered them to be executed under the impression that the Revenue authorities could sanction the sum. The estimate ultimately submitted by the Superintendent, Revenue Survey, to Government was not, as I explained in my letter, No 116, dated the 23rd May, intended for submission to Government, but merely a rough statement for Major Sargeant's information, who I understood was competent and willing to sanction it.

3 With the exception of the stove all the repairs have been executed long ago

No 45-A From Lieutenant Colonel A. DISCOTT, R E, Superintendent of Revenue Survey, to the Under-Secretary to Government, Public Works Department, Irrigation, dated Ootacamund, 14th July 1878, No 2,432-106

I have the honor to inform you in reply to your letter of the 5th July 1878, No 316 T, that I have no power to sanction expenditure for permanent fixtures of the kind referred to in the estimate forwarded by the Consulting Architect, seeing that their cost exceeds Rupees 100

2 I was under the impression that the articles might be classed under the head Photographic Apparatus and provided for from the Survey Budget, and I think it is probable that I conveyed that impression to Mr Chisholm.

No 46 ORDER THEREON, 4th September 1878, No 3,515 W.

The supplemental estimate of Rupees 235 for completing the fittings to the new Photographic Studio of the Revenue Survey Office at Chepauk is sanctioned, and funds are provided from the Provincial Reserve.

Sir

I have the honour to inform you
in reply to your letter of the 5th July 1878 that I have no power to sanction expenditure
for permanent fixtures of the kind referred to
in the Estimate forwarded by the Consulting
Architect seeing that their cost exceeds Rs 100

I was under the impression that the
articles might be classed under the head Photo-
graphic Apparatus and provided for from
the Survey Budget, and I think it is probable
that I conveyed that impression to Mr. G. G. G.
