GOVERNMENT OF MADRAS  
PUBLIC WORKS DEPARTMENT.

11th September 1878, No 3,604 W.

Buildings and Roads  
Civil Works

Read the following papers —

No 131 Endorsement of the Chief Secretary to Government, Public Department,  
dated Ootacamund, 13th August 1878, No. 1,439

From R. F. DALLAS, Esq., Superintendent of Telegraphs, Madras Division, to the  
Chief Secretary to Government, dated Madras, 9th August 1878, No 1,736

I HAVE the honor to inquire whether there is any probability of Government  
Telegraph Signallers being again required at the Salem, Erode, and Coimbatore Railway  
Stations as it is desirable to dismantle or otherwise dispose of the materials used in  
maintaining communication between those places and the Government system or  
telegraphs

TRANSFERRED to the Public Works Department for disposal  
(Signed) D. F. CARMICHAEL,  
Chief Secretary.

NOTE

No 134-A

With reference to endorsement No. 3,591, dated 14th August 1878, the under-  
signed has the honor to state that there is no probability of the Signallers being again  
required at the Salem, Erode, and Coimbatore Railway Stations, and therefore no  
objection, so far as this office is aware, to the removal of the leading-in wires, instru-  
ments, and other office fittings

2. As regards the line wires, at the time of their erection it was suggested by  
this office that they might probably be retained by the Madras Railway Company for  
use on the introduction of the block system of working, but although some months  
will in all probability elapse before the question as to the introduction of that system  
can be decided, the undersigned is of opinion that the immediate removal of the wires  
would be inexpedient

MADRAS, (Signed) J. H. M. SHAW-STEWART, Colonel, R.E.,  
4th September 1878 Consulting Engineer for Railways  
To the Secretary to Government, Public Works Department

No 135. ORDER THEREON, 11th September 1878, No 3,604 W.

THE Consulting Engineer's report will be communicated to the Superintendent of  
Telegraphs, who will, if no serious objection exists, give effect to the suggestion in  
paragraph 2
