GOVERNMENT OF MADRAS.  
PUBLIC WORKS DEPARTMENT.

16th September 1878, No. 3,664 W.

Buildings and Roads.  
Civil Works.

Read the following papers:—

No. 200. From Major H. W. WOOD, R.E., District Engineer, Vizagapatam, to the Chief Engineer, Public Works Department, Buildings and Roads Branch, dated Waltair, 16th July 1878, No. 868.

I HAVE the honor to inform you that the Collector of Vizagapatam has sent me a bill for Rupees 188-5-4 on account of compensation for land taken up for constructing Warders' huts at Parvatipur; estimate Rupees 1,500 sanctioned in G.O., No. 334 W, dated 29th June 1877.

2. I regret to say that no provision was made in the sanctioned estimate to meet the amount of the above bill, and I request you will be good enough to increase the estimate by Rupees 188, making in all Rupees 1,688, and to allot the necessary funds for the purpose from the reserve.

3. I think it right to add that the Warders' huts will cover an area of 30 yards by 9 yards, i.e., of 270 square yards; were precisely the same area allowed, both in front and rear of the building, the whole quantity of ground required would be 810 square yards. This quantity I consider would suffice, but the Collector is of opinion that 4,559 square yards or an area more than four and a half times as much is required.

No. 200-A. From H. St. A. GOODRICH, Esq., Acting Collector, Vizagapatam, to the Under Secretary to Government, Public Works Department, dated Vizianagram, 15th August 1878, No. 477.

WITH reference to your Proceedings, No. 3,341, of 27th ultimo, I have the honor to furnish the following information.

2. The block of building intended to serve as Warders' huts will cover an area of 30 yards by 9 yards. Mr. Willock selected as site 97 yards by 47 yards, allowing about 30 yards clear space at each end of the building, and 20 yards clear in front and in rear.

3. The plot is one upon which, if it be not taken up for public purposes, an objectionable parcherry is sure to spring up. I can certify that the money will be well spent, and that the health and comfort of the whole station as well as of Warders will be greatly increased by the annexation of the ground in question to their quarters.

No. 201. ORDER THEREON, 16th September 1878, No. 3,664 W.

AN appropriation of Rupees 188 is made from the Provincial Reserve, and the estimate for the work which was sanctioned in G.O., No. 334 W, dated 29th June 1877, is increased to Rupees 1,688.
