PUBLIC WORKS DEPARTMENT.

16th September 1878, No. 3,666 W.

General Account.

Read the following papers :—

No. 204. From J. W. RUNDALL, Esq., District Engineer, Bellary, to the Chief Engineer, Public Works Department, dated Siruguppa, 31st August 1878, No. 2,321.

I HAVE the honor to request I may be permitted to purchase, either from the estimate for the Siruguppa road or else from a separate allotment to be granted by Government from Famine Funds, two iron road rollers for use on the Siruguppa road in consolidating the metal.

2. The collection of metal on this road is completed to the extent of 50 per cent. ; the only rollers available are clumsy stone ones, very heavy to drag, owing to their unevenness and bad shape.

3. Iron rollers 2 tons in weight can be obtained from Bombay for Rupees 415, delivered in Bellary. I have just got one on sanction by the Local Fund Board. It gives a pressure of 108 lbs. per inch and 12 coolies can drag it. A stone roller in use on the Dharwar road previous to the arrival of the iron one gave a pressure of only 39 lbs. per inch and required 20 coolies to drag it. The economy of using the iron roller is obvious. The cost of the two rollers now applied for for the Siruguppa road will be saved two or three times over in consolidating the metal to be laid down on it.

4. I would therefore request that permission be given me to purchase two rollers at once.

No. 204-A. Office Note from the Examiner, Public Works Accounts, dated 11th September 1878.

No. 205. ORDER THEREON, 16th September 1878, No. 3,666 W.

THERE are no funds available under Provincial for the purchase of the rollers.

3.

Rupees 115 delivered in Bellary.
I have just got one on sanction by
the Local Fund Board. It gives
a pressure of 105 lbs per inch and
12 Coolies can drag it. A Stone roller
in use on the Dharwar Road previous
to the arrival of the Iron one, gave
a pressure of only 37 lbs per inch
and required 20 Coolies to drag it.
The economy of using the Iron Roller
is obvious. The Cost of the 2 Rollers
now applied for for the Sirsiguppa
Road will be saved 2 or 3 times over
in Consolidating the metal to be
laid down on it.

4. I would therefore request that
permission be given me to purchase
2 Rollers at once.

I have the honor to be
Sir
Your most Obed.t Servt.
Rw. Randall
District Engineer
Bellary.
