GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

23rd September 1878, No. 3,739 W.

Buildings and Roads.

Military Works.

Read the following paper :—

No. 261. Proceedings of the Madras Government in the Military Department, dated 29th August 1878, No. 4,469.

From Brigadier-General H. O'CONNELL, Quartermaster-General, to Colonel J. MICHAEL, c.s.i., Secretary to Government, Military Department, dated Ootacamund, 8th July 1878, No. 494.

I HAVE the honor, by order, to forward an estimate for Rupees 908 for alterations to the old Foot Artillery Barracks at Bangalore, now occupied as quarters by Medical Subordinates and others, and to state that His Excellency the Commander-in-Chief recommends it for the approval of Government.

2. In forwarding the estimate the Lieutenant-General Commanding the Mysore Division wrote as follows :—"These buildings stand with the back (north side) close on to the public road and the occupants complain that they are unable to open any of the doors and windows on that side to admit light and air without destroying altogether the privacy of their dwellings. It is proposed therefore to convert the north side into an open verandah and to enclose with honey-comb work the open verandah now existing on the south side so that it might be used for bath-rooms, &c.—an arrangement which would improve the airiness and light of the quarters and add much to the convenience of the occupants, the out-houses being in the square on the south side of the building, which is therefore quite private."

3. Before deciding to recommend the project to Government His Excellency called for information as to the likelihood of the quarters being permanently occupied and also for medical opinion on the necessity for the alterations recommended. In letter, No. 293, dated 2nd instant, from the Officer Commanding Mysore Division (enclosed), he reports that the quarters are likely to be fully occupied for some time to come and that medical opinion is strongly in favor of the alterations recommended.

4. Under these circumstances His Excellency recommends the estimate for the approval of Government and transfer to the Public Works Department for disposal.

From the Quartermaster-General, dated 24th August 1878, No. 898.

ABSTRACT.—Forwarding report by the Surgeon-General, British Medical Service, on the necessity for repairs to the old Foot Artillery Barracks at Bangalore occupied by Medical Subordinates.

APPROVED generally and transferred to the Public Works Department for consideration and final disposal.

(True Extract.)

(Signed) J. MICHAEL, Colonel,
Secretary to Government.

No. 262. ORDER THEREON, 23rd September 1878, No. 3,739 W.

The estimate of Rupees 908, for alterations to the old Foot Artillery Barracks, Bangalore, now occupied as quarters by the Medical Subordinates and others, is sanctioned, and funds are provided from the Reserve under Military.

2. This sanction has been registered as Imperial No. 80 B of 1878-79.

3

Referring to the 3rd para of your letter
of 12th June I have the honor to report
that the range of buildings in question
occupied by quarters which through
the official year 1877-78 and up to this time
have been fully occupied by 6 Medical
Hospitals and by the School Master
and Midship Royal Artillery.

There is no probability of any one
quarter being vacated, perhaps temporarily
during change of occupants, until new
quarters are built for the School Master
and Midship Royal Artillery and the
Medical Subalterns of the European
Troops generally of which under present
circumstances there appears no prospect.

The Deputy Surgeon General B. M. D.
writes as follows regarding the proposed
alterations to the quarters and any one visiting
them cannot fail to be struck by the want
of light and air in them.

With reference to your letter noted in the
"margin", I have the honor to state that the actual
condition

Condition of the Quarters, Hygienic & otherwise,
is by no means satisfactory - and reports to this
effect have, I believe, at various times been
submitted to the Authorities. The arrangement
therefore, proposed in the letter from the General
Officer Commanding the Sydney Division,
for the conversion of these buildings into more
habitable quarters is in every respect excellent;
and its early completion most desirable.

I would also mention that though
these quarters contain the regulated amount
of superficial space (so that the occupants
cannot claim any compensation for it),
they are really very inferior in accommodation
to the general comfort and convenience
of quarters on the Standard Plan, which
would be provided if two ones were built,
I would appear but just, therefore that some-
thing should be done to these quarters which
would tend to their improvement in comfort
and convenience and to render them as nearly
as possible similar in these respects to the
quarters on the Standard plan.

I have the honor to be

Dear Sir

Your most Obedt. Servant

L. Hinrichs
