PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 297. From J. W. RUNDALL, Esq., District Engineer, Bellary, to the Chief Engineer for Buildings and Roads, dated Bellary, 16th July 1878, No. 1,717.

I HAVE the honor to submit for the sanction of Government an estimate accompanied by a plan and report for re-roofing the Taluk Cutcherry at Anantapur.

2. An estimate of Rupees 680 was sanctioned for repairing the roof of this building during the year 1876-77. On removing a portion of the roof it was found that the greater portion of the existing wood-work had decayed; hence the preparation of an estimate for the entire renewal of the roof has been rendered necessary.

3. The estimate of Rupees 8,210 provides for using teak wood throughout. The alternative estimate of Rupees 6,980 allows for using jungle wood rafters and reepers. By this arrangement a saving of Rupees 1,230 can be effected, but as teak is more durable and its use will result in a considerable saving in after repairs to the building, I would recommend the adoption of the first estimate.

4. The cutcherry is Sir Thomas Munro's old cutcherry and, as the walls are good, it may be worthwhile to spend so large a sum on the roof.

5. The estimate has been countersigned by the Collector.

6. The estimate was originally prepared last year by Mr. O'Ratigan and was I found undisposed of when joining this district.

7. The scantlings for the trusses and some other details appeared to me to need revision and have been corrected.

No. 298. ORDER THEREON, 27th September 1878, No. 3,803 W.

THE estimate of Rupees 7,795, as corrected in the Chief Engineer's Office for re-roofing the Taluk Cutcherry at Anantapur with teak wood, &c., is sanctioned.

2. The items, repairing compound wall, west door in the same, and new gates, are struck out for the present.

3. No funds are at present available for the work, but possibly may be provided later in the year. Till funds are appropriated the work cannot be taken in hand.

4. This sanction has been registered as Provincial No. 104 B of 1878-79.
