GOVERNMENT OF MADRAS.  
PUBLIC WORKS DEPARTMENT.

30th September 1878, No. 3,817 W.

Buildings and Roads.  
Civil Works.

Read the following paper:—

No. 307. From J. W. RUNDALL, Esq., District Engineer, Bellary, to the Chief Engineer, Public Works Department, dated Bellary, 18th September 1878, No. 2,580.

I HAVE the honor with reference to G.O., No. 3,021 W, of the 29th July 1878, regarding the repairs of the old Court House now forming a portion of the District Jail at Bellary, to state that the Executive Engineer in charge of Bellary Range has prepared an estimate, amounting to Rupees 114, for replacing a few of the worst rafters in this building, those which are cracked and now strutted.

2. Mr. Leggatt considers that it would be better to remove these rafters which are in a dangerous state than to strut them; the struts might be knocked away at any time, as the building is crowded with convicts, and in this I agree with him. The estimate for Rupees 114 will be sanctioned locally and carried out.

3. The rest of the work to the old Court House included in the estimate for Rupees 1,720 can be left till funds are available, unless in the mean time any of the decayed palmyrah rafters should seem dangerous, when they will be removed and replaced as it is now proposed to deal with the worst of them.

No. 308. ORDER THEREON, 30th September 1878, No. 3,817 W.

ORDERED to be recorded.
