GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

30th September 1878, No. 3,819 W.

Buildings and Roads.
Civil Works.

Read the following paper:—

No. 311. From Lieutenant-Colonel J. N. HUNTER, R.E., District Engineer, Cuddapah, to the Chief Engineer, Buildings and Roads Branch, dated Cuddapah, 29th July 1878, No. 1,057.

WITH reference to the proposal regarding the drainage of the Cuddapah Jail sanctioned in G.O. No. 2,680 of the 20th December 1876 in the Judicial Department, and communicated with Public Works G.O. No. 81 of the 8th January 1877, I have the honor to state that the original intention seems to have been to repair and onlarge the syphon culvert under the present supply channel of the Patha Cuddapah tank at an approximate cost of Rupees 1,000 to carry the combined drainage, but it has been since proposed and approved by all concerned to carry the drain across the piers of the new head sluice on the supply channel and deliver it at a spot about 1,000 feet below the jail. The comparative advantages of the two schemes have been fully discussed and the superiority of the new one admitted, but a difficulty has now arisen which only Government can decide.

2. The new drain is to do double work and discharge not only the jail sewage but a portion of the municipal drainage; the expense is to be borne ratably by the Jail Department and the Municipality, but they cannot come to a conclusion as to the amount to be contributed by each; the amount of the estimate is Rupees 1,530, and the Municipality agree to pay 600 and expect the balance to be found by the Jail Department, who certainly derive by far the greater benefit; on the other hand the Inspector-General declines to contribute more than Rupees 500, and contends contrary to general opinion here that the arrangement is of more importance to the Municipality than to the Prison Department. If each party take independent action I believe that the cost to the Jail Department will be more than the contribution they are now asked for.

3. Under these circumstances I beg to submit for consideration all the papers connected with the scheme and to request the orders of Government in the matter.

No. 3,439.

TRANSFERRED to the Judicial Department.

OOTACAMUND,
5th August 1878.

(Signed) E. A. FOORD, Colonel, R.E.,
Secretary to Govt., P.W.D.

No. 1,381.

REFERRED to the Inspector-General of Jails for his remarks.

OOTACAMUND,
6th August 1878.

(Signed) D. F. CARMICHAEL,
Chief Secretary.

From Lieutenant-Colonel T. E. TENNANT, Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 16th August 1878, No. 166.

IN returning the correspondence received with your docket No. 1,381, dated 6th August 1878, I have the honor to remark that as far as the Jail Department is concerned there is no objection to the District Engineer's proposal to carry the sewage water over the supply canal by an aqueduct in connection with the head sluice;

Letter from the District Engineer, Cuddapah, dated 29th July 1878, No 1,057, with four enclosures.

piers

but as this arrangement is of far more importance to the Cuddapah Municipality than to the Prison Department, I informed the Jail Superintendent that I was not prepared to contribute so large a proportion of the estimate as Rupees 930 out of the aggregate estimate of Rupees 1,530.

2. The original proposal regarding the drainage to which Government gave their assent in G.O. No. 2,680, dated 20th December 1876, was that the Municipality should pay half the cost of the work, the Prison Department subscribing the other half. The work was estimated at about Rupees 1,000 and the share of the Jail Department would not have exceeded Rupees 500.

3. As the present scheme for drainage appears to be advantageous to both parties and to avoid any difficulty with the Municipality, I would propose that the total cost of the work should be equally divided between the Municipality and the Jail Department.

No. 1,468.

REFERRED to the Collector of Cuddapah for report whether the Municipal Commissioners agree to their proposal in paragraph 3 of this letter.

OOTACAMUND,
17th August 1878.

(Signed) D. F. CARMICHAEL,
Chief Secretary.

From A. J. B. ATKINSON, Esq., Acting Sub-Collector in charge Cuddapah, to the Chief Secretary to Government, dated Cuddapah, 25th August 1878, No. 576.

IN reference to endorsement No. 1,468 of 17th instant directing to report whether the Municipal Commissioners of Cuddapah agree to the proposal of the Inspector-General of Jails that they should pay half of the cost of the new drain as proposed by him in paragraph 3 of his letter on which the endorsement quoted above was passed, I have the honor to report that the Municipal Commissioners have agreed to pay half the expenses and to forward a copy of their resolution to that effect.

2. I have the honor to return the enclosures that accompanied the endorsement quoted above.

No. 1,566.

TRANSFERRED to the Public Works Department for disposal.

OOTACAMUND.
2nd September 1878.

(Signed) C. G. MASTER,
Acting Chief Secretary.

No. 312. ORDER THEREON, 30th September 1878, No. 3,819 W.

THE plan and estimate of Rupees 1,530, for diverting and combining the Jail and Municipal drains and carrying the new drain over Patha-Cuddapah head sluice, are sanctioned.

2. A moiety of the cost is to be borne by the Municipality. No funds are at present available in the Public Works Department from which the other moiety can be provided.

3. This sanction has been registered as Provincial No. 105 B of 1878-79.

Sir,

Enclosures. — I have the honor to return the correspondence received with your Docket No 1381 dated 6th August 1878 and to state that as far as the Jails Department is concerned there is no objection to the District Engineer's proposal to carry the drainage water over the supply canal by an aqueduct in connection with the headworks; but as the arrangement is of a purely temporary character I do

Cuddapah Municipality Thank to
the Prisons Department & informed
the Jail Superintendent that
I was not prepared to contribute
so large a proportion of the
estimate as Rupees 930 out
of the aggregate estimate of
Rupees 1530.

2. The original proposal
regarding the drainage to which
Government gave their assent
in G.O. No 2680 dated 20th Dec.
1876 was, that the Municipality
should bear half the cost of the
work, the Prisons Department
subscribing the other half. The
work was estimated at about
1000 Rupees and the share of the
Jail Department would not have
