GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

11th October 1878, No. 3,975 W.

Buildings and Roads.
Civil Works.

Read the following papers:—

No. 148. Proceedings of the Madras Government in the Ecclesiastical Department, dated 29th April 1878, No. 123.

From the Venerable C. R. DRURY, M.A., Archdeacon of Madras, to the Chief Secretary to Government, dated 17th April 1878, No. 14.

In forwarding the accompanying plan and estimate for the sanction of Government so far as relates to the erection of a porch at the cemetery at Hassan, I beg to state that I have written to the Rev. F. G. Lys, Chaplain of Mysore, to say that the partition wall he mentions in his letter, dividing the portion of the cemetery set apart for the use of Roman Catholics from that used for interment of members of the Church of England is contrary to G.O., dated 27th December 1877, Cemeteries, paragraph 3, No. 286, and must be removed. If a cross is erected as proposed, I think the expense may be borne by those who wish to erect it, and not by the Government. I have never heard of a cross being erected for the purpose stated in any other Government Cemetery, and I think it quite unnecessary in this instance.

ENCLOSURE No. 1.

From the Rev. F. G. LYS, Chaplain of Mysore, to the Right Reverend the Lord Bishop of Madras, dated 2nd April 1878.

I have the honor of forwarding to your Lordship a plan and estimate for certain proposed improvements in the cemetery at Hassan, an out-station of the Chaplaincy of Mysore.

2. When I was last at Hassan, I met most of the residents there at the cemetery, and heartily approved of their suggestions, as embodied in the enclosed letter from Major Hill. I believe all there, without exception, are in favor of the proposed alterations. I write therefore to ask your Lordship's sanction to carry out these improvements, and to obtain the estimated grant, Rupees 250, from Government.

3. I presume the iron cross Major Hill suggests will, if approved of by your Lordship, have to be provided by private subscriptions, as it is not absolutely required.

4. I do not think any one can object to the lowering of the wall dividing the Church-of-England portion of the cemetery from the Roman-Catholic portion. However high any one might wish to raise it, he could not make it reach to heaven and continue the separation there. Of course a low wall, about a foot high, would still be left to mark the division between the two portions of the cemetery.

ENCLOSURE No. 2.

From Major W. HILL, Deputy Commissioner, Hassan District, to the Chaplain of Mysore, dated 24th December 1877, No. 1,425.

I HAVE the honor on behalf of the Christian community of Hassan to enlist your co-operation towards the adoption of measures for the improvement of the cemetery at Hassan.

2. As you are aware the grounds in which the remains of a number of Government officials, coffee planters and their wives and children repose were till very lately overrun with weeds and rank grass. They have been recently at some expense formed into a neat garden, the cost of maintaining which is borne by the community. The wall round the cemetery presents at present a very bare appearance, and the want of a suitable porch, especially in the wet weather when the rains are continuous for days together, is very much felt. The community is a small one; and therefore in forwarding to you the accompanying plan and estimate for a porch, kindly prepared by Mr. Lilley, the Assistant Engineer, I may express a hope that the funds needed may be supplied from any public source that may be available.

3. I may mention that it is proposed further to level the wall which now divides the Protestant from the Roman-Catholic Cemetery, leaving only a low masonry ridge, and to put up a high iron cross in the centre. Should you concur as to the propriety of the measure I trust you will give us the benefit of your assistance in procuring a suitable cross from the Napier Foundry at Madras, or from England.

HIS GRACE the Governor in Council does not think there is any necessity for requiring the entire removal of the wall dividing the portion of the cemetery set apart for the use of Christians of the Church of Rome.

2. His Grace in Council considers the Resolution of the Government of India to apply to the future; that existing walls, &c., need only be removed when requiring repair, and that the expense of removing foundation and making a pathway is unnecessary.

3. As regards the porch—there being no shelter to wait under—it should be provided, and the plan and estimate be referred to the Public Works Department with the remark that the cross wall is not necessary, as it is in continuation of the very wall which should eventually be removed.

No. 149. From Major T. G. CLARKE, Secretary to the Chief Commissioner of Mysore, to the Chief Secretary to Government, Fort St. George, dated Bangalore, 31st August 1878, No. 4,273—23.

ADVERTING to your letter, No. 140, of the 15th May last, I am desired by the Chief Commissioner to forward herewith (in original) for sanction by the Madras Government a revised plan and estimate, amounting to Rupees 183, for the construction of a wooden porch and gate to the cemetery at Hassan. The work, if approved, will be carried out by the Executive Engineer, Hassan, and it is requested that the amount of the estimate may be remitted to the Chief Engineer, Mysore Public Works Department.

2. The plan and estimate which accompanied your letter are herewith returned.

No. 149-A. From L. C. PROBYN, Esq., Accountant-General, Madras, to the Secretary to Government, Public Works Department, dated Fort St. George, 5th October 1878, No. 278 N.

IN reply to your memorandum, No. 4,339, dated the 26th ultimo, original enclosure of which is returned, I have the honor to state that no particular assignment was made by the Imperial Government to Provincial for the maintenance of the cemetery at Hassan, but under the 7th Provincial Rule (G.O., No. 1,287, dated 18th April 1877,) the charge has to be borne by the Provincial Government from the general assignment of Rupees 3,100, sanctioned by the Government of India in No. 1,469, dated the 26th July 1872. Also under F.R. No. 2,404, of 28th August 1876, and Madras Government No. 287, dated 18th November 1876, the proposed charge is a Provincial Public Works charge.

No. 150. ORDER THEREON, 11th October 1878, No. 3,975 W.

THE estimate, amounting to Rupees 183, for the construction of a wooden porch and gate to the Cemetery at Hassan is sanctioned, and funds are appropriated from the Provincial Reserve.

2. This sanction has been registered as Provincial No. 111 B of 1878-79.

3. The District Engineer, Bangalore, will place the amount at the disposal of the Mysore Public Works Department.
