Read the following papers:—

No. 154. From the District Engineer, Kurnool, to the Chief Engineer, Public Works Department, dated Taikoor, 9th July 1878, No. 85-873.

I HAVE the honor to forward the comparative statement showing the revised estimate of the new Taluk Cutcherry at Koilkuntla called for in your memorandum No. 1,793, of 12th April 1878.

2. This work was sanctioned in G.Os., Nos. 3,490 and 691, dated 12th December 1874 and 11th March 1875; respectively, and orders passed for bad work, &c., in the construction of the cutcherry in G.O., No. 2,195 W, of 17th May 1878.

3. It will be seen that the revised estimate comes to Rs. 68,752 or Rs. 3,980 in excess of the original estimate (Rupees 64,772).

4. The work will be continued as directed in paragraph 6 of the G.O., No. 2,195 W, of 17th May 1878.

5. I trust this will receive your early sanction and that the balance of the original estimate (Rupees 620) and the increased amount (Rupees 3,980) aggregating to Rupees 4,600 be allotted as soon as possible.

No. 151-A. From the same Officer, dated Kurnool, 28th August 1878, No. 115.

WITH reference to your memorandum, No. 410 T, dated 2nd instant, returning for corrections the comparative statement of work done, or still to be done, to the new Taluk Cutcherry at Koilkuntla, I have the honor to resubmit the statement with the following explanation:

2. The entries in columns 5 and 7 represent the actual quantities of each description of work done and the actual payments made for those quantities according to the accounts. These entries cannot therefore be altered, but the fractional parts of the rates have been readjusted to agree exactly with the actual quantities of work done and the payments made.

No. 155. ORDER THEREON, 11th October 1878, No. 3,978 W.

THE revised estimate of Rupees 68,752 for constructing the Koilkuntla Taluk Cutcherry is sanctioned.

2. The expenditure on the work up to end of March 1878 was Rupees 64,152. Of the amount requiring to be provided for its completion Rupees 1,600 were
