GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

14th October 1878, No. 3,993 W.

General
Account.

Read the following paper:—

No. 174. Endorsement of the Secretary to Government, Military Department, dated Ootacamund, 26th September 1878, No. 5,065.

From Brigadier-General H. O'CONNELL, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 25th September 1878, No. 1,203.

I HAVE the honor, by order, to forward the enclosed letter, No. 398, dated 21st instant, from the Lieutenant-General Commanding the Mysore Division recommending that an appropriation of Rupees 4,000 in the Public Works Budget of 1878-79 for lining with stone, drains east and west of Infantry Barrack limits, may be transferred to commence making a road from Trinity Church to Agram Barracks (estimate Rupees 9,200), see Appendix B of the final issue of the Budget.

2. This road is a much needed work and the Commander of the Forces desires me to urge that the transfer recommended may be sanctioned and permission granted for the work to be commenced at once.

3. If sanctioned, it is requested that this letter and enclosure may be transferred to the Public Works Department, in order that the requisite instructions may be given to the District Engineer.

From Lieutenant-General C. ELMHIRST, Commanding Mysore Division, to the Quartermaster-General, dated Ootacamund, 21st September 1878, No. 398.

I HAVE the honor to bring to notice the importance of making the road from Trinity Church to Agram Barracks at Bangalore.

2. The work appears in Appendix B of the final issue of Budget Estimate for 1878-79, estimated at Rupees 9,200, and the District Engineer suggests that it might be partly carried out at once from savings in estimates for "lining with stone, drains east and west Infantry Barrack limits" (No. 22, Part I, Budget Estimate for 1878-79), a work which has already been decided to be unimportant—*vide* G.O., No. 2,755 W, 5th July 1878, and for which a sum of Rupees 4,000 has been allotted in the budget of 1878-79.

3. The District Engineer is anxious that the construction of the road should be well advanced before the dry season which is very much against good road making, and I would therefore beg to urge that the Government be moved to give its sanction for the commencement of the work at once, the requisite funds being provided as above suggested.

TRANSFERRED to the Public Works Department.
