GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

21st October 1878, No. 4,105 W.

General.
Establishment.

Read the following paper :—

No. 268. From Lieutenant-Colonel J. O. HASTED, R.E., Superintending Engineer, Kistna, to the Chief Engineer, Public Works Department, dated Masulipatam, 28th September 1878, No. 139.

I HAVE the honor to forward a letter from the Principal, Civil Engineering College, and to recommend that authority may be granted to him to give a certificate of fitness as a Taluk Overseer to P. Ramabrahmam Sastry, now a First-Grade Delta Superintendent in this district.

2. Ramabrahmam's service register (to be returned) is enclosed. He has been employed in this district for twelve years, and has gradually been promoted to First-Grade Delta Superintendent. He is well reported of by the officers he has worked under, and is a capital surveyor and leveller; he has therefore been employed frequently on survey duty, and was selected to go to Cumbum on special survey duty, for which he received a very good testimonial from Mr. Johnston, Assistant Engineer.

3. He has passed the Uncovenanted Civil Service Examination, and has twice appeared for examination in the test for Taluk Overseer, obtaining on one occasion 662 marks out of the 680 required, which I think is extremely creditable when it is considered that his duties have fully occupied his time. I recommend him strongly for promotion to Taluk Overseer.

From Lieutenant-Colonel H. W. RODGERS, R.E., Principal of the Civil Engineering College, to the Superintending Engineer, Kistna dated Chepauk, 23rd September 1878, No. 441 C.

In reply to your letter No. 173, I have the honor to inform you that I shall have no objection whatever to offer to the granting of a College certificate as Taluk Overseer to P. Ramabrahmam Sastry if the requisite authority from Government be procured to allow him the certificate on a less total than 40 per cent. of the maximum examination marks. He obtained at the examination in December 1873 662 out of the 680 required for the 40 per cent. on the maximum of 1,700, and this small deficiency of 18 marks may certainly be deemed more than balanced by his superior practical knowledge and the excellent work he has done for the Government.

2. The enclosures of your letter are returned herewith.

No. 269. ORDER THEREON, 21st October 1878, No. 4,105 W.

UNDER the circumstances explained by the District Engineer, Kistna, the Government have no objection to the grant of a Taluk Overseer's certificate to P. Ramabrahmam Sastry.
