GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

6th November 1878, No. 4,237 W.

General.

Establishment.

Read the following paper :—

No. 22. From J. W. RUNDALL, Esq., District Engineer, Bellary, to the Chief Engineer, Public Works Department, dated Bellary, 15th October 1878, No. 2,904.

With reference to G.O., No. 3,694 W, of the 19th ultimo, I have the honor to report that, knowing the necessity for a Draftsman in the Penukonda Range, I arranged, as stated in paragraph 3 of my letter printed with the Government Order, for a man to act on full pay, and he was employed up to the 7th instant.

2. On a previous occasion, viz., in their Order No. 470 W, of the 23rd July 1877, Government were pleased to sanction a similar appointment.

3. I would beg to point out that a Draftsman's post cannot be filled up as an ordinary Clerk's can; and now-a-days when almost every irrigation estimate has to be accompanied by plans of the tank or other work concerned, the absence of a Draftsman from the office means that all estimates for this important class of work are to be put aside or postponed whenever a Range Draftsman falls sick.

4. At a head-quarter station it might be possible some times to find a man willing to take an acting appointment of this class on half pay, but not in an out-of-the-way place like Penukonda.

5. There were several important irrigation estimates (including the plans of the Potalacunta tank on which a Surveyor has been employed for some months) on hand in the Penukonda Range Office, and therefore I considered it essential to send out a Draftsman to go on with the plans.

6. The permanent incumbent has sent in a fresh medical certificate for extension of leave and will not therefore return to duty till the 15th November.

7. The Acting Draftsman refused to go for the half salary, and I informed him I would address you and apply for sanction for the full rate of pay, and under the circumstances I trust it may be sanctioned.

No. 23. ORDER THEREON, 6th November 1878, No. 4,237 W.

The entertainment of a temporary Draftsman on Rupees 40 during the absence on sick leave of the Draftsman of the Penukonda Division is sanctioned.

The Chief Engineer
Public Works (R. 1871)

With reference to GO No 3694, of
the 19th ultimo, I have the honor to report
that knowing the necessity for a Engineer
in the Perimeter Range, I arranged
stated in para 3 of my letter printed with the
GO for a man to act on full pay and been
employed up to the 7th instant.

2 On a previous occasion ³3000 or thereabouts
the W. of the S.E. July 1877 Government
were pleased to sanction a similar appoint-
ment.

3 I would try to point out, that a single man's post cannot be filled up, as an ordinary cloth can, and now a days, almost every Sprigging Postmaster has the accompaniment

of the Tank or other work concerned,
and of Draftsman from the Office
that all Estimates for this important
work, are to be put aside or postponed,
as a Range Draftsman falls sick.

At a Head Quarter Station it might
well sometimes be found a man willing
to take an acting appointment of this class
half pay, but not in an out of the way
place like Perunkandah.

There were several important Sri-
lanka Estimates (including the plans of the
Malacanta Tank on which a Surveyor has
been employed for some months) on hand in
a Perunkandah Range Office, and there-
fore it seemed it essential to send out a Drafts-
man to go on with the plans.

The permanent Incomitant has sent
a fresh medical Certificate for extension of
leave and will not therefore return to duty till
15th November.

The Acting Draftsman refused to
go for the half salary and I informed him

^{I would} address you and apply for sanction
for the full rate of pay and under the cir-
cumstances I trust it may be sanctioned.
