No. 99. Endorsement of the Under Secretary to Government, Revenue Department, dated Ootacamund, 29th October 1878.

Proceedings of the Board of Revenue, dated 19th October 1878, No. 2,828.

Read the following letter from J. F. PRICE, Esq., Collector of the Chingleput District, to the Acting Secretary to the Board of Revenue, dated Saidapet, 10th October 1878, No. 275:—

I HAVE the honor to report that the Superintendent, Madras Harbour Works, having applied in the letter, of which the enclosed is a copy, for 96.93 acres or thereabouts of land for the purpose of extending his stone quarries near Ambathur, the Temporary Deputy Collector has inquired into the matter with the following results.

2. The land sought lies as shown below. The last-mentioned village is a shrotriem—

64.07 in Korattoor.  
12.96 in Menambedu.  
19.96 in Woragadam.

96.93

3. Out of this acres 58.03 in Korattoor and acres 6.16 in Menambedu are waste and poramboke lands, the property of Government, for which no compensation is requisite, and which may be handed over at once. I enclose a list showing numbers, &c.

4. Of the balance, acres 3.62 in Korattoor, acres 6.74 in Menambedu, and acres 19.96 in the shrotriem village of Woragadam are occupied, and these must be acquired under the Act on payment of compensation.

5. I beg, in regard to them, to transmit a draft notification for the approval of Government.

6. There still remains a piece of ground measuring acres 2.42 and forming a part of the village site of Korattoor upon which there are some huts and 452 trees, chiefly palmyras. This land does not appear to be absolutely required and is not in the line of the Railway to be laid down by the Harbour Work authorities.

7. Mr. Pinto, who has inspected the spot, informs me that the people are very poor, and that they depend upon the palmyra trees for the means of roofing their huts. If the Superintendent wants more land in lieu of this, there is waste ground adjoining pieces either taken or now sought which could be handed over to him.

8. I would observe that it is not stated by the Superintendent whether his proposal to extend the quarries has received the approval of Government.

9. I request the favor of instructions at an early date.

2 PUBLIC WORKS DEPARTMENT, 7TH NOVEMBER 1878, No. 4,284 W.
