Buildings and Roads.

Military Works.

Read the following paper :—

No. 129. From Major ROSS THOMPSON, R.E., District Engineer, Presidency, to the Chief Engineer, Roads and Buildings, dated Fort St. George, 30th September 1878, No. 3,869.

With reference to G.O., No. 3,437 W, dated 29th August 1878, I have the honor to submit, for sanction and allot-

- ment of funds, a plan and estimate, amounting to Rupees 1,083, for enclosing a portion of shed No. 1 into a store-room, and constructing a verandah in the Cooperage Branch of the Commissariat Department, Madras.

Commissioner's Buildings, Madras.—The
plan and estimate of Rupees 1,055 for
works in connection with the
barracks, and funds provided from the Reserve
under Military.

No. 1148. Cont. Storekeeper Genl's Office
From Madras 18th July 1878

To The Cont. Storekeeper General
The Commissary General
Sir Madras

I am returning the enclosures received
under your endorsement No 3343 of 16th July
1878 and letter from the Quarter Master
General No ³³⁰₄₅₈₂ of 12th July 1878, requesting
that full explanatory reasons may be
submitted, showing the necessity for
enclosing shed No 1 and building a ve-
-randah in the cooperage, I have the
honor to state that the enclosing of shed
No 1 is emergently required for the purpose
of securing articles that ought always to
be kept under lock and key, as also for
the storing of the stock of new Iron Hoops
which at present are exposed in the
open shed to the action of the sea air,
which corrodes them to such an extent,
that they are much deteriorated before
they are utilized and consequently
calculated to last only half the time
that hoops more carefully housed would
last.

2. I would also point out that

formerly

formerly a portion of one of the Hospital
Store Godowns was used for the purpose
for which the enclosure now asked
for is required, but it having been
found about a year ago, that the portion
of the Godown alluded to was required
for Hospital Stores, it was reassigned
to that Branch, and the door that opened
into the Cooperage was blocked up.

3. The Verandah applied for is
urgently required to keep the sparks
from flying about and also to the Black-
smiths while at work, at present
there is only a Tarpaulin supported on
Bamboos, under the shelter of which
they must withstand all inclemencies
of the weather. This has been the case
for about two years, ~~ago~~ when certain
alterations were made to the latrines
which adjoin the Cooperage, and the
old Blacksmiths shop was absorbed
into those Buildings.

I have the honor to be
Sir
Yours most Obedt Servt
James Captu

No. 3492

COMMISSARY-GENERAL'S OFFICE,
Madras, 20th July 1878.

From

The Commissary-General,

To

The Quarter Master General
of the Army,
Ootacamund.

Sir,

I have the honor to return the papers as per margin received with your letter and to state that the Storekeeper General pointed out to me on the spot the necessity for the work proposed in the Cooperage before an application was made to have an estimate prepared.

2. The accommodation for Hospital Stores was increased last year at the expense of the Cooperage by including the only enclosed Godown available in the latter, and I consider it most desirable that the proposed alterations should be made for the safe custody of the Cooperage Stores and for the protection of the blacksmiths whose former workshop was appropriated for another purpose about 2 years ago, as explained by the Storekeeper General in his letter herewith forwarded for information.
