GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

28th November 1878, No. 4,551 W.

General.
Account.

Read the following paper :—

No. 336. Proceedings of the Government of India in the Public Works Department (Account—Telegraph), dated Simla, 15th November 1878, Nos. 177-95 A—T.

Charges to be paid to the Telegraph Department for the construction, maintenance, &c., of State Railway Telegraphs.

Read again—

Public Works Department Resolution Nos. 120-35AT., dated the 24th August 1878.

Read also—

Letter from Colonel J. S. TREVOR, R.E., President of the Committee appointed to settle the basis of charges to be paid by State Railways to the Telegraph Department, together with minutes of meeting of the Committee held on the 24th September and 4th October 1878.

RESOLUTION.—In the Resolution of the 24th August, now again read, it was ruled, that all the charges hitherto preferred by the Government Telegraph Department, on account of State Railways, shall be adjusted in the accounts of State Railways on the rates preferred by the Telegraph Department, and that those rates be adhered to till the close of the current calendar year. And also, that a Committee of officers be appointed to determine and settle a new scale of rates to be charged to the State Railway Department, from the 1st January 1879.

2. The Committee appointed, having duly submitted a report of their proceedings, the Government of India is pleased to accept their recommendations, and to lay down the following rates for adoption, from the 1st January 1879 :—

I.—A charge of $4\frac{1}{2}$ per cent. per annum to be made, as at present, to each State Railway, for *Interest on the Capital cost* of the Telegraph lines erected for its use, the cost to be determined from the accounts passed by the Examiner of Telegraph Accounts, and to include first equipment of officers, as well as any subsequent additions that would on a Guaranteed Railway be chargeable to Capital.

When posts are used for the carriage of wires not required for the State Railway, the charge for such posts is to be divided between the Railway and Telegraph Department, in proportion to the number of wires hung on them for the separate work of the two departments.

II.—The annual charge for *maintenance* of wires used solely for State Railway purposes, shall be calculated at three-fourths of the wire mileage charge for the last ascertained, and if possible the previous, year, of all wires, inclusive of Railway wires, under the control and management of the Telegraph Department.

This charge, which is to be settled half-yearly (on the 1st January and 1st July) is based on the understanding that no alteration is to be made in the present system of dividing between maintenance, construction, and signalling, the expenditure for direction and general supervision.

III.—The charge for *technical supervision of station offices* shall be fixed at Rupees 110 per office per half-year, and will include both technical supervision, stores and every other charge, for which bills are now rendered by the Telegraph Department to Managers of State Railways for payment.

It will be understood, that the sum of Rupees 110 is not intended to include the cost of additional instruments, but is meant to cover the cost of renewals or changes, in fact all charges that would, on Guaranteed Railways, be met from Revenue.

IV.—*Free passes* for Telegraph officers and servants, and free carriage for all stores required for Railway purposes on the lines on which the staff is employed, and on which the stores are to be used, shall be granted to the Telegraph Department, on the understanding, that care is taken to prevent abuse of the privilege, and that the liberty of free carriage is confined to the special line for service on which the staff and stores are required.

V.—The charge for *transferred messages* from State Railways, to the Government Telegraph Department, shall be fixed at 12 Annas for all messages, irrespective of length; no corresponding charge being made for messages transmitted in the opposite direction.

The Governments of Madras, Bombay, Bengal, North-Western Provinces and Oudh, and Punjab, in the Public Works Department, Railway Branch.
The Chief Commissioners, Central Provinces, British Burmah, Mysore and Coorg, and Assam.
The Resident, Hyderabad.
The Director-General of Telegraphs.
The Accountant-General, Public Works Department.
The Directors of State Railways.
The Consulting Engineers to the Government of India for Guaranteed Railways, Calcutta, Lahore, and Lucknow.

ORDER.—Ordered, that a copy be forwarded to the Local Governments and Administration and Officers marginally noted, for information and guidance.

Ordered also, that a copy be forwarded to the Financial Department for information.
