GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

29th November 1878, No. 4,570 W.

General.
Account.

Read the following papers:—

No. 351. From G. T. WALCH, Esq., Acting District Engineer, Godavari District, to the Chief Engineer, Public Works Department, dated Dowlaishvaram, 14th November 1878, No. 2,627.

I HAVE the honor to forward, herewith, copy of a letter* from the Officer in charge of the Ellore Division, and, under the circumstances therein mentioned, to request sanction of Government to the following proposals:—

- (a.) The writing off to Profit and Loss of 60 cubic yards rough stone collected about ten years ago at Devarapilli and now appearing in the stock account with a value of Rupees 75.
- (b.) The supply of the 1,066 cubic yards of stone at Anantapilli as may be convenient to the "maintenance of the trunk road" at Annas 5 per cubic yard, and the writing off the difference, Rupees 999-6-0, to Profit and Loss. This stone was collected in 1869 when it was expected that works on the trunk road would go on.

From H. S. TAYLOR, Esq., Assistant Engineer in charge of the Ellore Division, to the District Engineer, Godavari District, dated 22nd August 1878, No. 112.

I HAVE the honor to bring to your notice that 60 cubic yards of rough stone said to be at Devarapilli, in the Yernagudem Taluk, has appeared in the stock account of this division for the past ten years; no stone can now be found in this place; and I request instructions as to whether its value, viz., Rupees 75, may be written off to Profit and Loss.

2. There is some stone similarly shown lying at two other places, viz., 1,066 cubic yards at Anantapilli and 92 cubic yards at Rajavaram, the former near the trunk road and the latter at a tank in the jungle.

3. There is no one whose duty it is to watch this stone, and it may be taken away by any one, as has been probably the case with that at Devarapilli.

4. The rate at which the stock appears at Anantapilli is Rupees 1-4-0, which prevents its being used on other works, as the usual rate for getting stone is about 4 or 5 Annas.

5. A previous reference has been made on the subject, vide No. 117, dated 28th June 1875, but it was not thought advisable to write the amount off to Profit and Loss.

6. If the stone can be taken from the stock at reduced rates, most of it could be used upon the cutcherry at Pothavaram and the works on the Nallacherla road, and I request permission to do so at rates covered by estimate, charging the balance to Profit and Loss.

No. 351-A. From the Examiner of Public Works Accounts, dated 25th November 1878.

2 PUBLIC WORKS DEPARTMENT, 29TH NOVEMBER 1878, No. 4,570 W.

No. 352. ORDER THEREON, 29th November 1878, No. 4,570 W.

THE amount will be written off to Profit and Loss, as the work for which the stock materials were collected appears not to be known.

(True Extract.)

Sir

I have the honor to bring
to your notice that 60 cyds of rough
stone said to be at Devarapilly in
the yernagudem Talug has appeared
in the stock account of this Division
for the past 10 years, no stone
can now be found in this place,
and I request instructions as to
whether its value viz Rs 75-0-0 may
be written off to Profit and Loss.

2 There is some stone similarly
shown, lying at two other places
viz 1066 cyds at Anantapilly and
92 cyds at Rajanaram, the former
near the Tank Road, and the
latter at a tank in the jungle.

3 There is no one whose duty it is to watch this stone, and it may be taken away by anyone, as has been probably the case with that at Denarapilli.

4 The rate at which the stock appears at Anantapilli is Rs 1-4-0 which prevents its being used on other works, as the usual rate for getting stone is about 4 or 5 annas.

5 A previous reference has been made on the subject vide No 117 dated 28th June 1875, but it was not thought advisable to write the amount off to Profit and Loss.

6 If the stone can be taken from the stock at reduced rates most of it could be used up on the cutcherry at Rothavaram, and the works on the Kallacherla Road, and I request permission to do so at rates covered by estimate
