17th December 1878, No. 4,774 W.

Buildings and Roads.
Civil Works.

No. 178. Proceedings of Government, dated 17th December 1878, No. 4,774 W.

THE attention of Government having been called to the nuisance arising from the efflux of the Black Town, Main Drain, immediately north of Fort St. George, which last year was overcome by the efficient arrangements carried out by the Municipal Engineer now rendered void by the accumulation of sand from the Harbour Works, His Grace the Governor in Council directs that the Superintendent of the Madras Harbour Works, in communication with the President of the Madras Municipality and the Municipal Engineer, will take prompt and energetic measures to remove (temporarily at all events) the evil complained of, the additional charges being met by the Harbour Works.

2. The attention of the President of the Municipal Commission is called to the condition of the mouths of the Triplicane and Kistnampett drains, which do not appear to receive sufficient attention. The experience of last year shows that with care the nuisance (which a few nights ago was very great) is easily controlled. It would therefore appear desirable that the persons in immediate charge of the drains should be punished when nuisance is permitted to arise from them.

(True Extract.)

DEPARTMENT.

No. 178.

Black Town, Main Drain, immediate north
of Fort St. George. — The Superintendent of
Madrass Harbour Works, in consultation
with the President of the Madras
Municipality and the Municipal Engineer, to
take prompt measures for removing the
nuisance arising from the efflux of the
effluent of the President of the Municipal
Commission called to the condition of the
mouths of the Triplicane and Kidderpore
Drains.

~~Handwritten~~ To C. L. To King & Council
Municipal ¹⁸⁷⁶ No 10th

My attention has been
drawn to the nuisance
from the South mouth
of the main drain
near the Fort —

This nuisance was
partly overcome last
year by the efficient
arrangements made
by the Municipal Engineer.
It is now as bad as
ever. The cause appears
to be that the
accumulation of

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the 17th Decr 1878

Read the following —

The attention of
 Govt. having been called
 to the nuisance arising
 from the efflux of the
 Black Town Drain
 immediately
 north of Fort St. George
 which last year was
 overcome by the efficient
 arrangements carried out
 by the Municipal Engineer
 now rendered void by
 the accumulation of
 sand from the Harbour
 Works, His Grace the

The nuisance at the
 discharge point on the
 beach north of the
 Black Town Drain
 is palpably due to the
 large quantity of
 sand in that
 locality.

Governor in Council directs
that the Superintendent
of the Madras Harbour
Works, in communication
with the President of the
Madras Municipality
and the Municipal
Engineer will take prompt
and energetic measures
to remove (temporarily,
at all events) the evil
complained of, ^{and charges} the cost
being met by the Harbour
Works.

The attention of the
President of the Municipal
Commission is called to
the condition of the
mouths of the Triplicane
and Kistnampett drains
which do not appear
to receive sufficient

attention. The experience
of last year shows
that with care the
nuisance (which a few
nights ago was very
great) is easily con-
trolled. It would there-
fore appear desirable
that the persons in
immediate charge of
the Drains should be
punished when nuisance
is permitted to arise
from them.
