Enclosure of the Educational Department } (6th Dec 1878 & 21 Jan 1879)

The plan and estimate of Rs 1290 for building in the College compound along the river bank from the station house to the gate of the old College are sanctioned.

I do not see any objection to the expenditure. The buildings in the compound will be built at the expense of the Government. While they are under construction, it will be necessary to provide for the maintenance of the buildings.

The District Engineer, Presidency will include the work in his estimate of demands against the Provincial Revenue of 1878-79 to
