Sir,

With reference to the enclosed copy
of a letter No 55 B. L. of 11th June/77 from the
Examined P. W. Accounts, I have the honor to solicit
that the Examiner be authorised to finally admit
the pay from 7th to 31st March/77 of the Engineer
thereto alluded to, who was held to have been
extra during the period in question, to the number

of Overseers (17) authorised on the permanent
Establishment of this District.

I beg to state that the increase
in the staff of Overseers was caused by the
removal of the Acting Supervisor Mr Prout to
his substantive rank of Overseer 1st Grade: and
it arose on the transfer of Overseer Sergeant
Barnes to the Bangalore District on the 1st
April 1877.

I have the honor to be

Sir,

Sir,

With reference to your letter N^o 850 of the
30th May 1877, I have the honor to state that
although there is not at present any excess in
the number of Overseers sanctioned for the
Bellary District there was an excess of one
from the 7th to 31st March 1877, Acting Supervisor
Mr Prout having from the former date reverted to
his substantive rank in the Department of
Overseers 1st Grade, I have accordingly to suggest
that you will be good enough to apply to
Government for sanction to the final admission

of the charge made on account of the pay of
Overseers & Mr. C. Lawrence during the
period in question.

I have, &c.

Enclosure Sir,

With reference to your
Memorandum No. 2622 dated
8th September/77, I have the honor
to state that the excess over the
sanctioned number of Overseers,
occurred in consequence of the
reduction of Supervisor Sergeant
Frankland to the grade of
Overseer.

A List of Overseers as they

stood on the permanent Estab-
lishment of this District during
March/77 is enclosed for in-
formation.

I solicit that the Examiner
P.W. Accounts be authorized to
admit the pay of the Overseers
alluded to in my letter No. 2204,
dated 3rd September/77.

I have the honour to be

The District
Engineer Bellary in these
letters requests authority
for the admission, by the
Examiner, of the pay of an
Overseer in excess of the
sanctioned scale of the
District from the 7th to the
31st March 1877.

2. The cause of the
excess is stated to be the
reduction of Supervisor

LB

R.A.

Frankland to the grade of Overseer. This reduction was, it is remarked, Gazetted on the 21st Nov., and had effect from the 15th November 1876. Had this reduction caused an excess, there would have been no justification for the appointment of two Overseers as mentioned in the District Engineer's letter N^o 3949 dated 20th December 1876.

The proper course in such cases is to absorb the supernumerary in the permanent Establishment before making any new appointments.

3. This does not however appear to have been the

5- immediate cause of the excess, which was due, it would seem, to the reversion of Acting Supervisor Prout to his permanent rank of Overseer with effect from the 6th March 1877. The District Engineer erred in making a permanent appointment in Prout's place. Such an appointment was inadmissible, seeing that Prout's promotion to Supervisor was Acting only.

4. The excess ceased on the 1st April 1877 when Sergeant Barnes was transferred to Bangalore.

5. A review of the

920
/8

case shows that sufficient
care was not exercised
by the District Engineer
in filling up vacancies
in the staff of his District.

6. The claim is now
of old standing and may
be admitted by the Examiner.
