Not to be folded or roughly handled

No 3953.

Vellore
District Engineer's Office
16 February 1878

From,

The District Engineer,
Vellore.

To,
The Chief Engineer,
Public Works Department
Fort St. George.

Sir,

In reference to G.O., dated the
5th February 1878 No. 587 W, received on
the 9th instant, I have the honor to
report that the delay in forwarding
completion reports is attributable
to the following causes.

1st The list of works showing the
total expenditure by the Revenue
Department on each work was received
only on the 1st January 1878, and it
is impossible to obtain from the

accounts received, the information
required by Examiner of works Form,
No. 448 ordered for adoption by G. O.,
13th November 1877, F.R. No. 2753, and,

2 The illness more or less
of almost every Officer and
Subordinate in the District
during the past few months.

2 The annexed statement
shows the state of the accounts of
this District up to the end of December 1877.

3 I am promised a large number
of certificates by the end of this
month, and every effort shall be
made to have the orders on this
subject carried out as quickly as
possible.

4 It will be observed from Column
12 of the accompanying statement
that so far as adjustment of expenditure

2
is concerned, the Examiner's require-
ments have been complied with to
a large extent. 259

5 I shall forward another
statement immediately shewing
the state of the accounts in each
Division and Sub Division and
the name and rank of the Officer
responsible for them.

6 I suppose that completion
certificates are not to be submitted
for works that have not been
fully completed or entirely abandoned.

Have the honor to be,
Sir,

Your most obedient servant

W. H. M. J. J.
District Engineer

No. 954 W Public Works Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 26th July 1878

Read the following:—

25/

From

The Dist. Eng^r. Nellore (A.C. No. 3953 of 16th July 1878)

Recorded with the remark that completion certificates must be forwarded for all work performed, whether it relate to a finished or unfinished scheme or project. The certificate is the voucher for such work as may have been done. If incomplete or abandoned works be not vouched for there will probably be a large amount of expenditure which will be
