Account.

Read the following papers:—

No. 317. From Major ROSS THOMPSON, R.E., District Engineer, Presidency, to the Chief Engineer, Buildings and Roads, dated Fort St. George, 8th December 1877, No. 5,234.

I HAVE the honor to report that there is a difficulty regarding the construction of the latrine for the Ammencovil tannah-station at Big Parcherry sanctioned in G.O., No. 38 W, dated 9th May 1877.

Site Plan.

3. The Darmakartas of the Ammencovil object to the latrine being built as it would be near their covil and the ground belongs to it, as will be seen in the site plan herewith submitted.

3. I referred the matter to the Collector of Madras, and he replied that the whole of the unoccupied land between the Police tannah and the covil is the property of the Pagoda and not public land; that a pandal is erected on the open ground during festivals; that the place is used by worshippers, and that the proposed site for the latrine is therefore objectionable.

4. The Collector also reports that there is a well on the land containing good drinking water which is resorted to by people living in the neighbourhood, and that the construction of latrine might render it useless; he therefore suggests that a small house to the north-east of the tannah, the site of which is marked with three red stars on the plan, should be purchased and the latrine built upon it. The value of this house and land as calculated by the Collector is Rupees 450, but the owners demand Rupees 800.

5. If Government decide that the property should be purchased, the Collector states that in the event of the owners refusing to come to reasonable terms the house may be purchased under the Land Acquisition Act.

6. Under these circumstances I have the honor to solicit orders.

* Returned with the enclosure. letter No. 5,234, dated the 8th idem, to the address of the Chief Engineer, I have the honor to observe that the cost of the

site proposed for the latrine to the Ammencovil tannah is excessive, and the erection of such an expensive building is unnecessary as a public latrine exists in the vicinity and is now used by the men of the station. The Commissioner of Police reports that the erection of the latrine may conveniently be deferred for the reasons above set forth.

2. Information has just been received that a sum of Rupees 300 out of the *Vide G.O., No. 532 W, dated 4th August 1877, Public Works Department. allotment (Rupees 463) sanctioned* for appropriation in 1877-78 for the tannah and latrine in question will be set free by the above arrangement, and I beg to suggest that it may be transferred at once from the Town of Madras to the Ganjam District grant towards completion of the Assistant Superintendent's bungalow at Baliguda, and the sanction telegraphed to the District Engineer to enable that officer to disburse the amount to the Superintendent as early as possible. This proposal if sanctioned will reduce the sum required for the completion of the building in question from Rupees 624 to Rupees 324.—Vide G.O., No. 368 W, dated 28th January 1878, Public Works Department.
